RIDE INTELLIGENTLY

2022

WE ARE ALL ONE

2022

WE ARE ALL ONE

What does that mean? That we are different, but inseparable. Like the waves in the ocean, piling and piling, together we create a better world. Together is the key. We are one team, one spirit. We share the same passion, trek the same journey. We are All One. We Are AZTRON.

ONE TEAM

AZTRON is only as strong as the people standing next to us. From our talented designers and engineers setting the ground for AZTRON's products. To our passionate team riders and country partners leading the company spirit. We work as one team to bring the best watersport experience for all Aztronauts to grow with us.

ONE SPIRIT

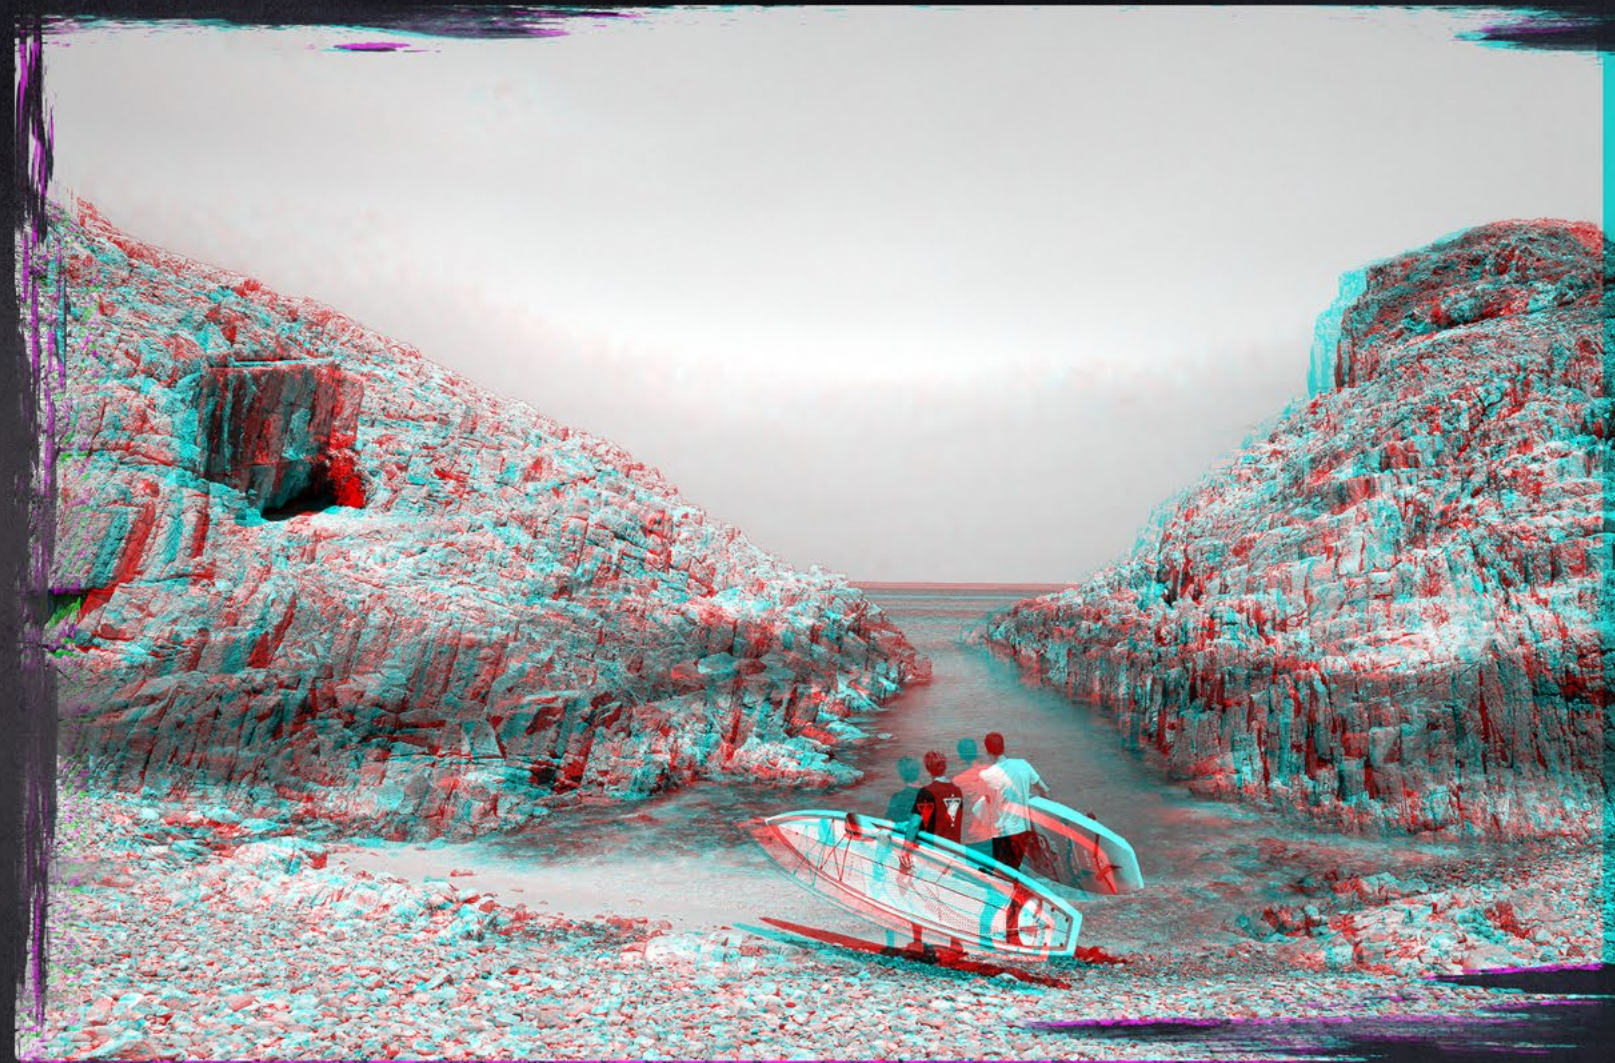

Authentic, Innovative, Trustworthy. AZTRON continues to pioneer the spirit of riding intelligently by putting people first. To improve and redefine the standard of excellence. Push forward the unlimited possibilities of the gears. With innovation around every corner and our signature Double Chamber Technology. We have set the foundation for watersports safety at the AZTRON's DNA. Ride intelligently!

ONE PASSION

It's the one thing all Aztronauts share. The passion to explore the boundaries of nature. The search for that immersive bliss that only nature can offer. We embrace the challenges we face. The same urge to hop right back on the board after getting wiped out. It's that innate drive that gives us the courage to reach beyond the stars.

ONE JOURNEY

We journey through with an unwavering commitment to push the boundaries of exploration. True explorers of the unknown, we are always embracing new challenges. Our epic journey from water to land to air doesn't just stop there. A new season brings our paths close again as we journey further and together.

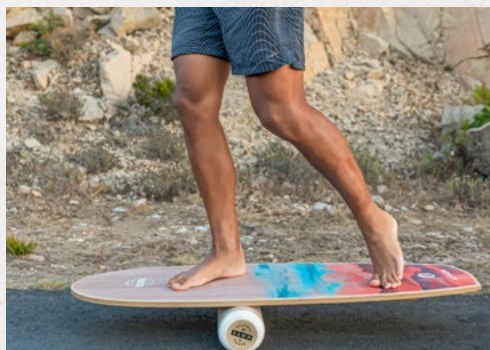

WHAT'S

INFLATABLE BOARDS

Every season has to be the best! Out of this inspiration we develop the 2022 range of Inflatable Boards for water and wind. The Meteor Race lineup sets a new benchmark for what a race board should be capable of. With the new Touring line, the classic gets an update with new prints and kayak seat option. Performance is branded into the boards DNA. As the adventure goes on, the adventure SUP POLARIS and the SIRIUS2.0 are here to handle the conditions. Enter the world of AZTRON now!

BALANCE BOARD

Practice makes perfect! The DAWN and DUSK Balance Boards allow riders to continue improving the core strength and stability in the off season. Available in two sizes and balance modes, you can switch modes as you like. Let's keep your love for the ocean even while on land.

COMPOSITE BOARDS

Attentions, all Aztronauts! Feel the speed with SONIC, the Race SUP for the ambitious rider, who will be surprised by its competitive characteristics. This season, get one step closer to the perfect touring boards. The EUROPA Bamboo and APOLLO are great for those who want to shape their skills. Two new sizes are added to the surfboard range to allow more riders to enjoy the surfing fun. No matter what the wind and waves are doing, get a ride on the AZTRON boards, and you'll be spoilt forever.

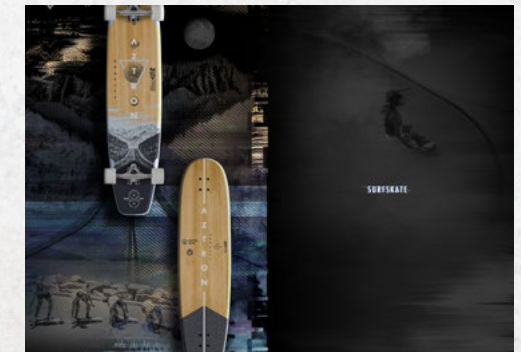

ACCESSORIES

Gear up with our new paddles! Not just in graphics, but in all new features. The new SONIC and POWER Paddles are redesigned with higher grades carbon fiber and advanced ERA blade that features Deep Power Concave tech. These paddles are born to give powerful strokes and responsive handling. The SWIRL 40L High Performance Backpack is added to the Gear Bag range this year. 100% waterproof, generous volume, new prints and much more. Explore our exciting accessories lineup now!

FOIL COLLECTION

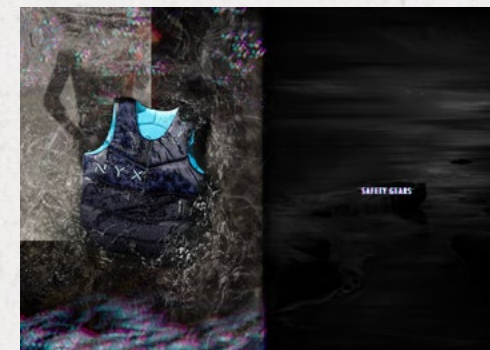

Take your foiling to a whole new level with the FALCON Air X and Carbon X, combining the latest construction techniques and updated shape for the ultimate riding experience. The Air X features easy handling and transport while the Carbon X is built for skilled riders looking for peak performance. Together with the additional sizes of the Air Wings, it offers all you need to conquer the waves.

SURFSKATE

Rolling on the road with our 2022 Surfskate lineup. The innovative surfskates are here to bring the surfing session from sea to land. Two new styles are newcomers in the fast-growing collection. The GRAVITY 42 offers a longboard that is perfect for off-season surf training. The popular shape and spicy design all make the ISLAND 30 the best short board to perform greater carves and more tricks.

NEW?

SAFETY EQUIPMENT

Ride Intelligently! AZTRON is here to protect your safe and ground. The new N.Y.X Neo Vest is CE certified and born to boost your confidence on the water. Thanks to all the good words for the VOYAGE Drysuit from last season, the women's version-MISSION is now available. We've got you covered in style and warmth.

APPAREL & FOOTWEAR

Many different style and designs, so you'll find the one suits you best! Select from our wetsuits, high performance shoes, sweats, T-shirts and much more for both men and women and show that you're part of the AZTRON community.

INFLATABLE
BOARDS

DOUBLE CHAMBER TECH

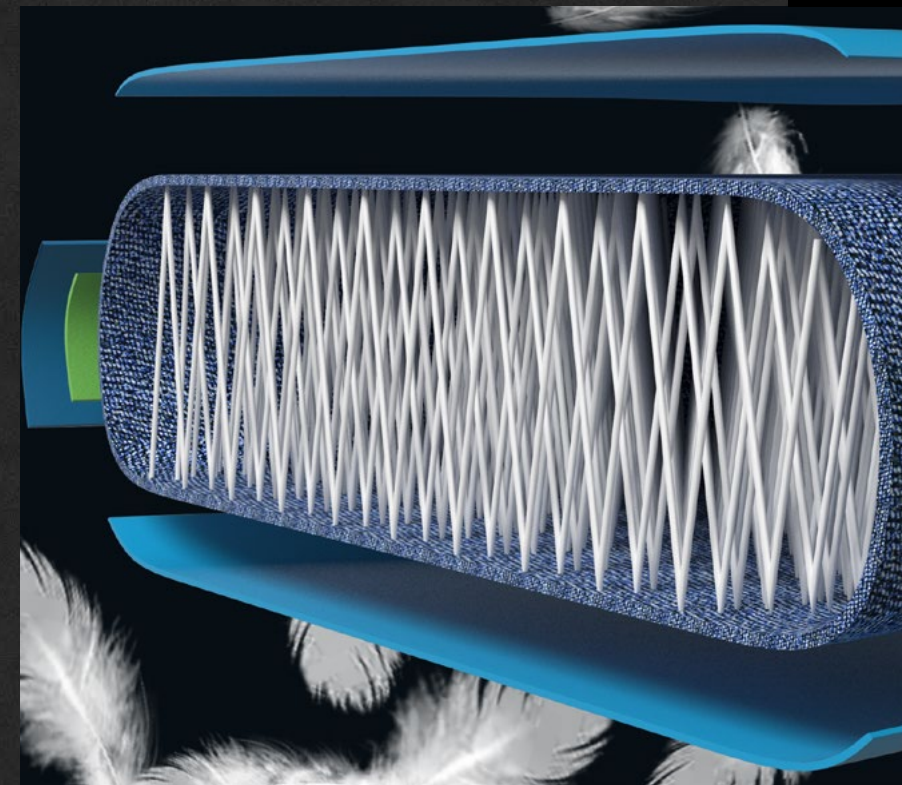

AZTRON is aimed to create a range of water sports equipments that embrace the modern technologies and ultimate safety. We redefine the safety standards of the inflatable stand-up paddle boards with our revolutionary Double Chamber Technology. The inner and outer chambers offers a 50:50 or 30:70 air distribution and up to 50% extra buoyancy of total board floatation. We give our promise to boost your confidence on the water. We create the only inflatable SUPs that can be paddled outside of 300 meters shore zone.

ULTRA-LIGHT DROP STITCH CORE

X-STITCHING WOVEN DROP STITCH

The advanced X-stitching woven drop stitch technology is used on our All-Round and Race lineup. Built with a glue-free PVC lamination, the new weave provides a structure for the polyester yarns which gives the board more strength, yet strengthen the shape and lower the overall weight. The weave has a unique and less knitting method than the traditional one. Knitted fibers have soft and stretchy properties that further enhance the stiffness, reflex and rigidity.

CARBON BAND

RAIL EDGE AND CENTER STRIP FOR RACE COLLECTION

Remember METEOR and METEORLITE? This season, we've improved the board outline with a much competitive shape and signature 3K Carbon Rails and Inlay at the deck area. On top of AZTRON's signature Double Chamber construction, the Carbon Fiber Band provides additional stiffness and performance. At AZTRON, we never stopped pushing the limits.

The METEOR RACE SUP is made for competitive racers looking to unlock their full racing potential. The 2022 new design unveils a redesigned performance oriented shape with extra narrow board width, straight outline and square pin tail. This optimal length to width proportion and Carbon Fiber Inlay Tech ensures lighter weight, maximum speed and gliding efficiency . Add to that the combination of Ultra-Light Drop Stitch Core and signature Double Chamber makes the METEOR Race SUP collection an ambition to reality with peak performance.

AIR WINGS

FLY ABOVE AND BEYOND!

The AZTRON Compact Air Wing lineup makes the light wind riding has never been so performing. This year, our team worked hard to redesign the strut and profile to make it a solid construction with much more power and stability. The improved wingspan with lightweight material guaranteed a smooth drift and plenty of power to get you on the foil fast. The big window ensures great vision and safety. The handle placements are also adjusted to enhance the overall handling and therefor add more power and performance to this new structure. Size 3.0, 4.0 and 5.0 are equipped with 3 handles while Size 6.0 is equipped with 4 handles and the two back handles are designed for the back hand. The whole setup is easy and fast to rig and packs down to small, which makes it the perfect travel companion.

ROCKET FOILS

Our range of ROCKET Foils comes in 4 sizes with various shapes. These foils are designed to provide a smooth take-off and easy lift. If you're looking to get started or progress in wing-foiling and surf-foiling, these will be your best companion to the foiling experience. This year, we updated the AL Fuselage to a 2.0 version with 47% weight reduction compared to the previous model. Robust construction, easy handling, impressive performance, you can find all these from the ROCKET Foil collection.

COMPOSITE BOARDS

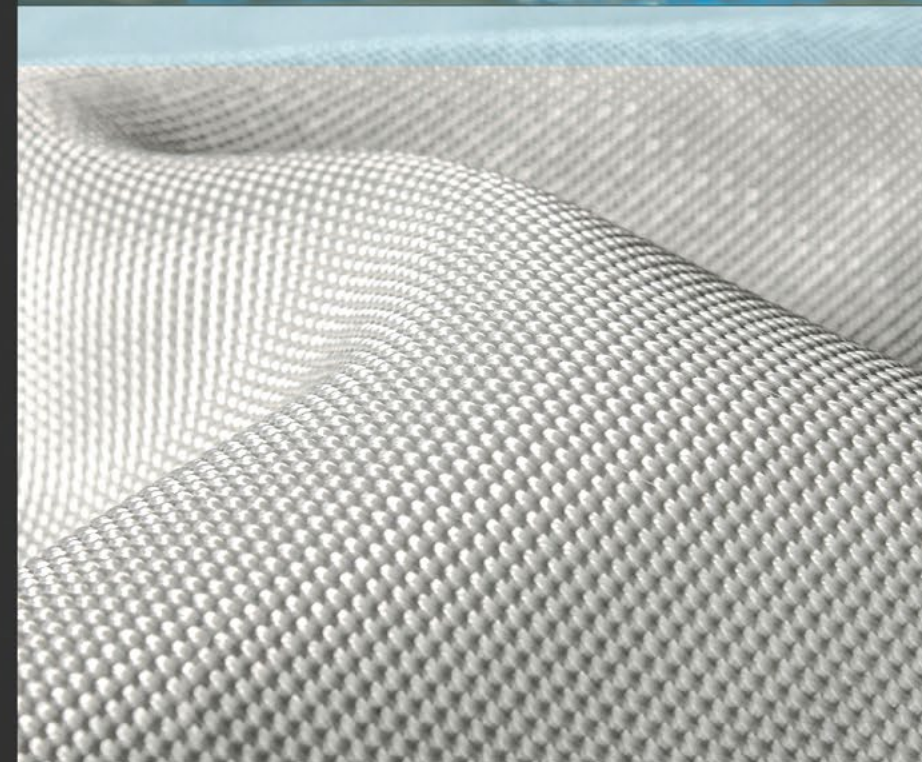

CARBON FIBER

Carbon Kevlar is our high-end technology for our performance composite boards. It contains 100% 3K twill weave carbon fiber that delivers excellent balanced weight, strength and impact resistant characteristics. Compared to epoxy resin, AZTRON Carbon Sandwich Tech offers an impeccable weight/stiffness ratio with an extraordinary flex due to its very fine weave. The 45-degree woven fiber brings an ultra-crisp and responsive flex and creates the skeleton structure to strengthen the entire board. The carbon material truly looks and performs amazing. This is used for our high-end performance SONIC, LIGHTSPEED, MARTIAN Race SUP and APUS Surf SUP.

UNI-DIRECTIONAL EPOXY GLASS

The premium Epoxy Glass is used in most of our composition board. This advanced material features 4 to 6 oz. uni-directional glass fiber for extra strength in various water conditions. Unlike the multi-directional short glass fiber, the uni-directional epoxy works continuously along its uninterrupted length to provide stiffness. Oriented at 45 degrees, the epoxy resin makes the board stiff but still flexible. The high grade epoxy laminated around the core material, that creates a tough and strong shell.

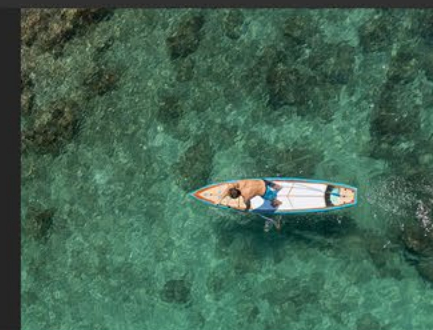

CST-CARBON SANDWICH TECH

NATURAL BAMBOO VENEER

Bamboo has the highest strength to weight ratio of any natural fiber. It is a light weight material and remains extremely buoyant while under weight. The bamboo material makes for a durable and fluid ride. It is also eco-friendly since bamboo grows strong and rapidly over a short amount of time. So, if you have great passion in paddle boarding and looking for to upgrade something new, the bamboo board will do the job. We applied this environmental friendly material on our EUROPA touring and JUPIT all-round SUPs for a smooth, swift and stable ride.

EUROPA 12'6"

ITEM NO. AH-630

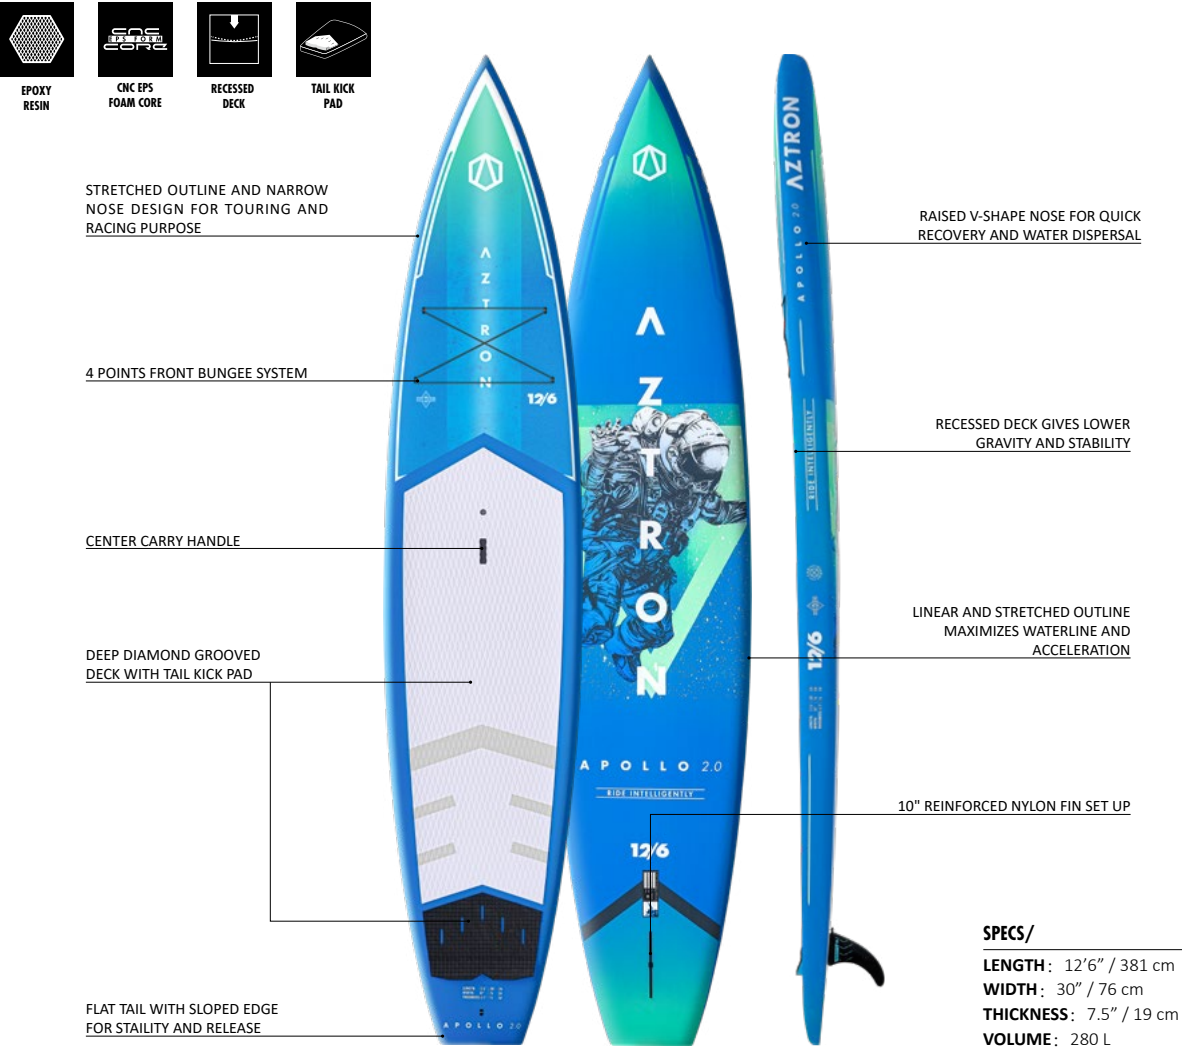

Blend in nature with the all-new EUROPA 12'6" bamboo SUP. Incorporating the versatile characteristics of the bamboo and making a board that maximizes stability and glide without compromising performance. The EUROPA 12'6" is built for longer distances, perfect for those who wish to venture further and fully immerse in all that nature has to offer.

APOLLO 12'6"

ITEM NO. AH-611

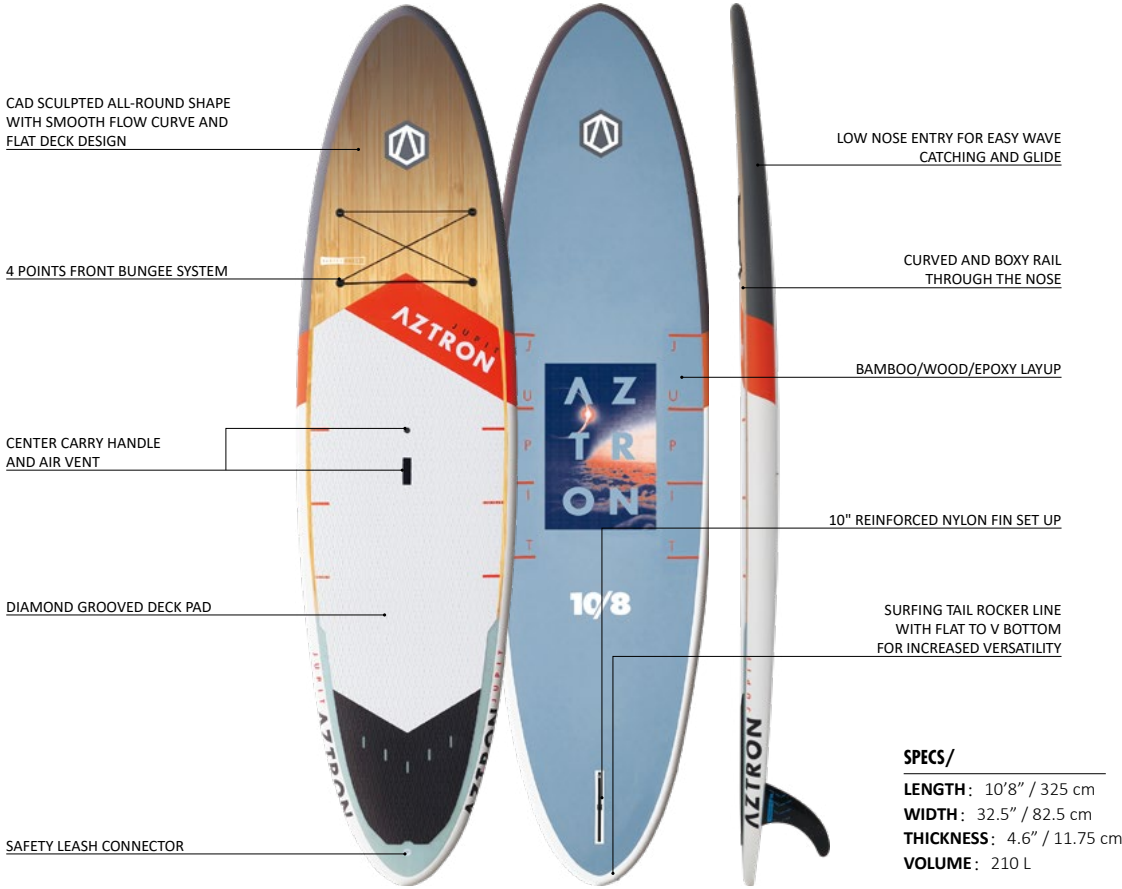

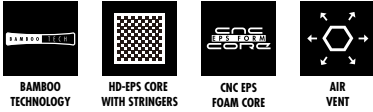

The ultimate long distance and race training board rolled into one! The APOLLO2.0 is the greatest touring board of all time. The new 2022 version offers a brand-new design to make sure you discover new grounds on every adventure. Boasting a sleek touring shape with moderate width at 30", the board provides the ultimate performance in efficiency and maneuverability through long distances or fast-paced paddles. Fit for an advanced rider, it should be more than enough of a match for you!

JUPIT 10'8"

ITEM NO. AH-401

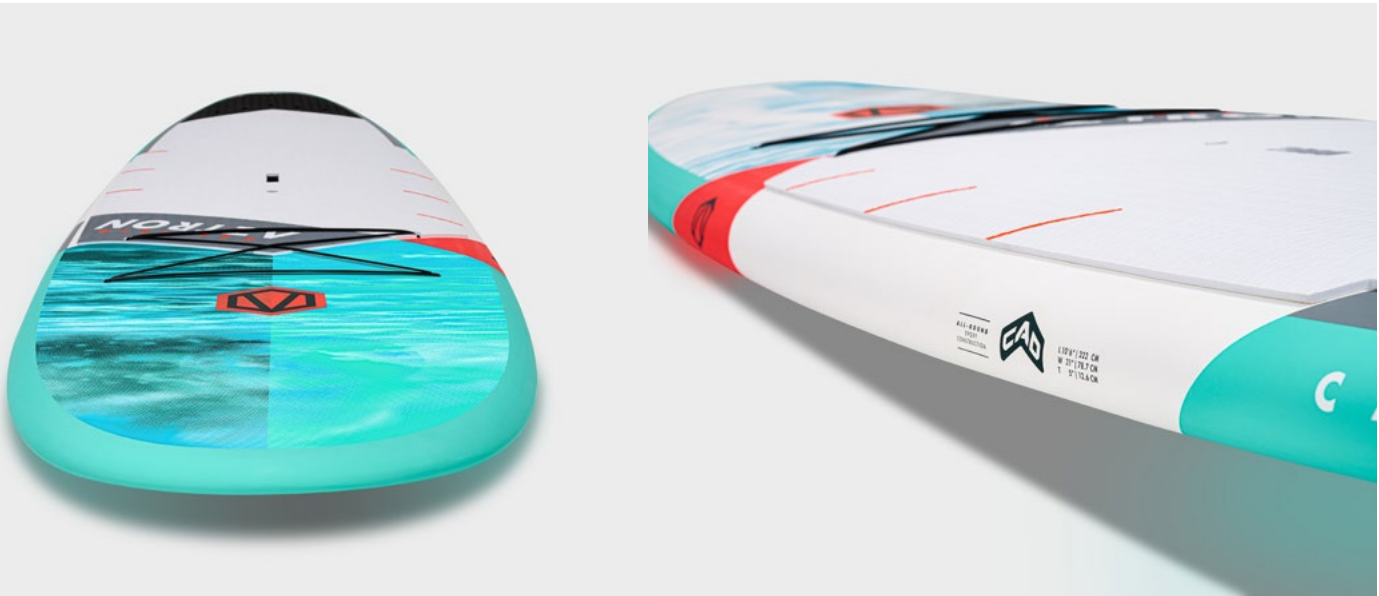

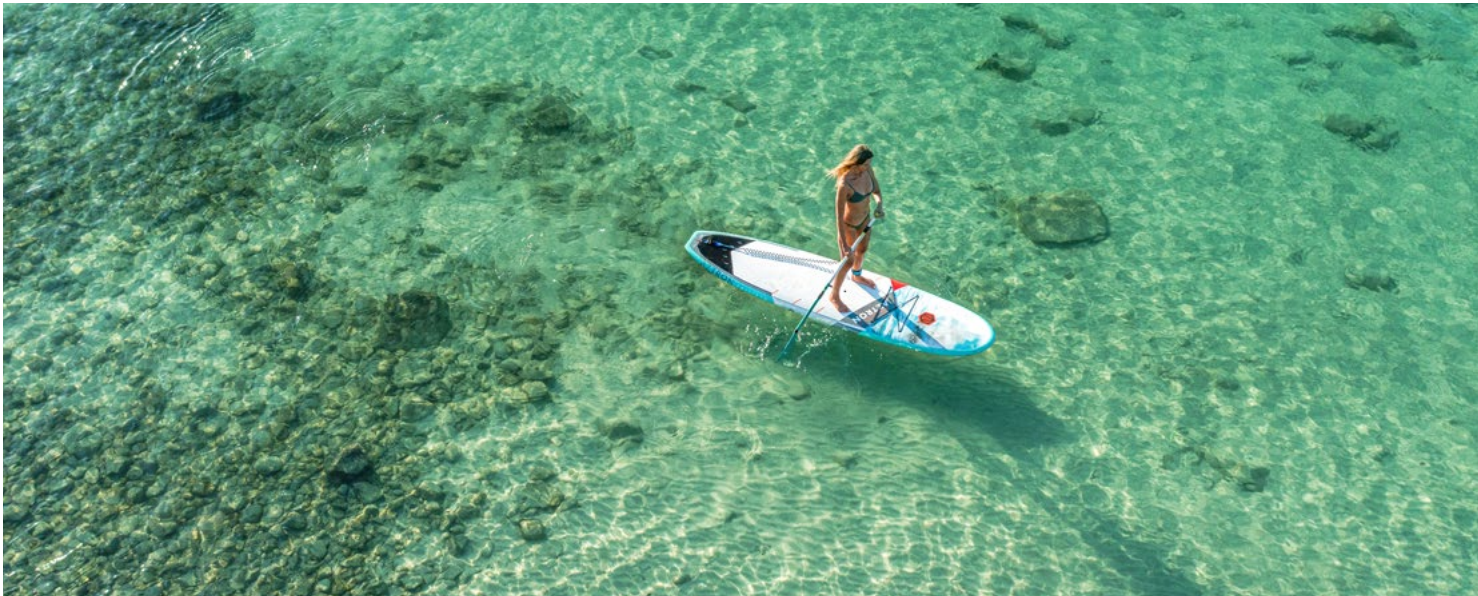

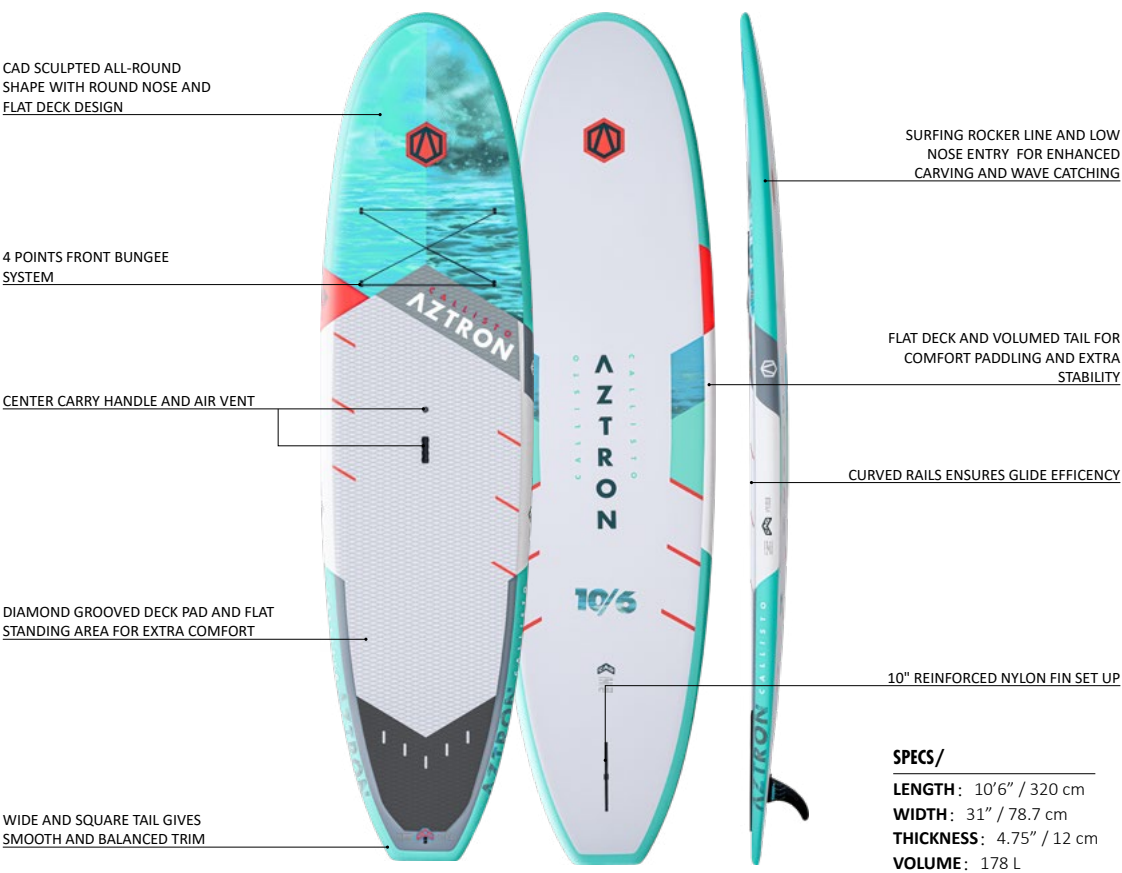

Complement your natural surroundings with a unique Bamboo SUP. The JUPIT 10"8' is topped with natural bamboo veneer to create effortless flow on the water. The classic all-round shape offers an incredibly smooth ride in all conditions. The bottom layer of reinforced fiberglass provides the board with extra stiffness and stability. Enjoy the flow whether your journey takes you near or far.

CALLISTO 10'6"

ITEM NO. AH-450

The CALLISTO 10'6" is a SUP that all riders can enjoy. Speed, response and easy to ride are all qualities this board needs and the team have built that into its very DNA. With a classic all-round shape, this board is incredibly forgiving and is able for carving if you want to have fun in small waves. Built with high quality epoxy layers with wooden inserts, it creates a medium to stiff flex that gives the board perfect level of control and ride in all conditions. This is a smooth and easy all-rounder that packed with performance and fun everywhere you go.

ECLIPSE 11'0"

ITEM NO. AH-302

Start your SUP journey right, improve your paddling faster and make every season count! The ECLIPSE Soft Top Paddleboard is a perfect all-rounder that offers diverse paddling experience. From those first water starts, to the more advanced moves you want to learn, the ECLIPSE can handle it all. Featuring a classic board shape with advanced Soft-Top lightweight construction, it's incredibly forgiving on the water from flatwater to small waves. Available in two sizes, these boards offer pure joy for your paddling adventures.

ERIS 39

ITEM NO. AB-100

The ERIS 39 is a fun and affordable way to catch waves! This entry level board features a soft XPE deck makes it comfortable to lie on. The 100% waterproof EPS foam core makes it rigid to aid in turning across waves, while the HDPE slick bottom helps for glide and speed. The bottom has a channel structure, this makes the board more maneuverable and agile on the water face for more dynamic turns. The ERIS is a fantastic all-rounder that gives you maximum control in all conditions.

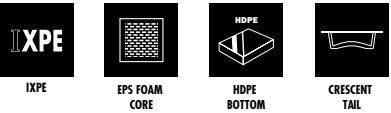

SPECS/

LENGTH: 39" / 99 cm
WIDTH: 20" / 50 cm
THICKNESS: 2.2" / 5.5 cm
REC. PAYLOAD: 40-60 kg / 88-132 lbs

CERES 43

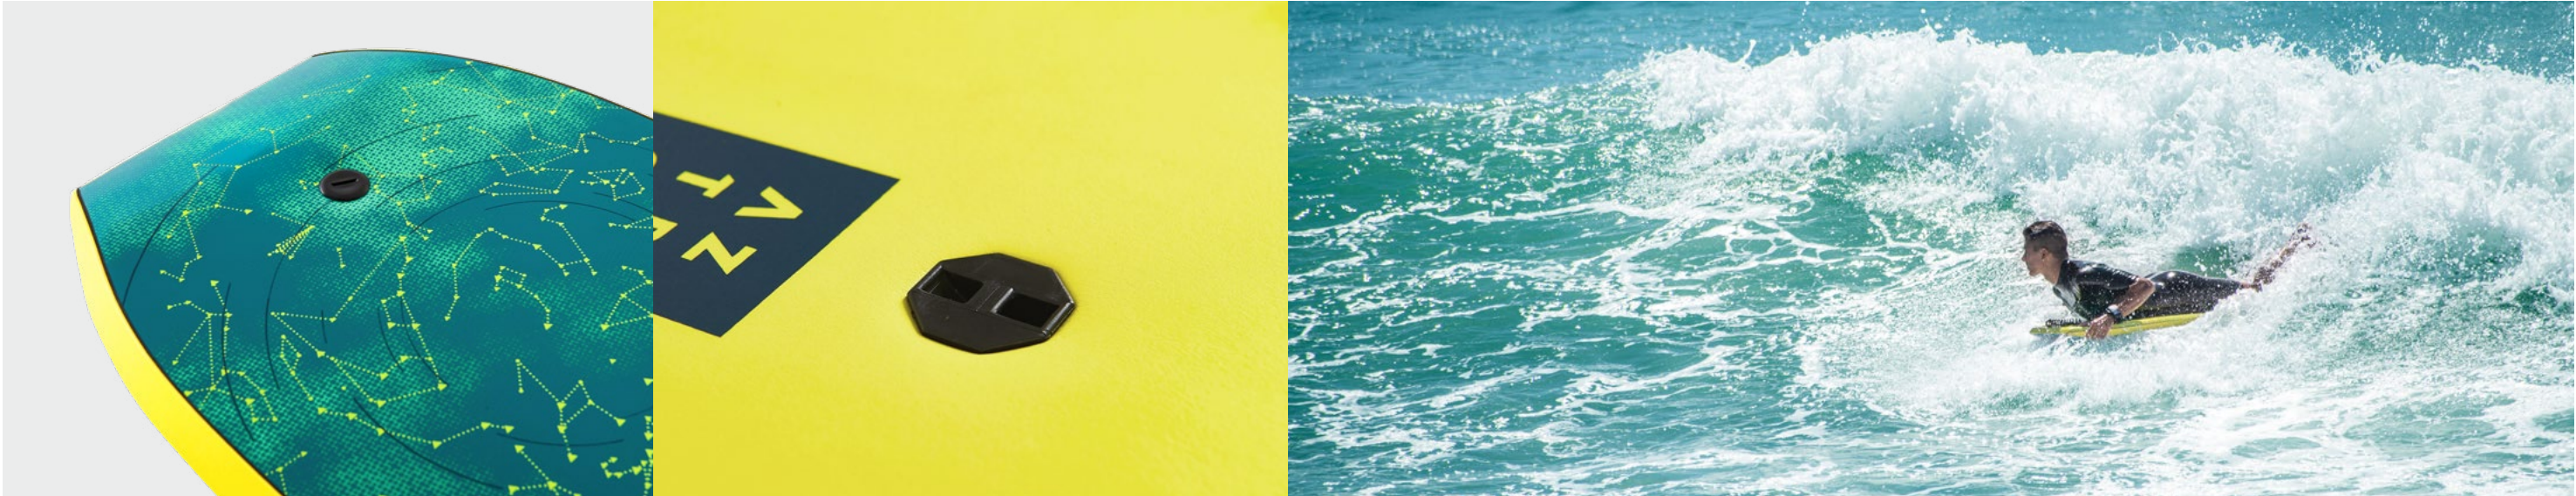

ITEM NO. AB-111

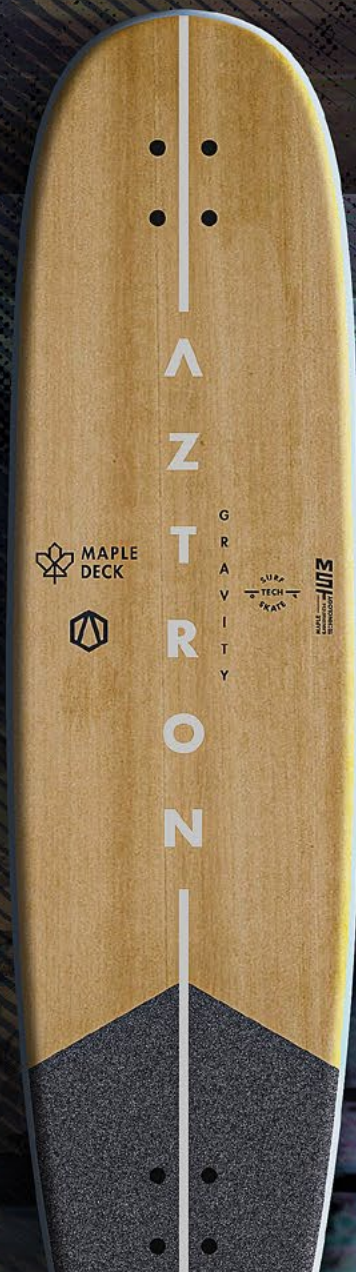

The CERES 43 gets a major update for 2021. The goal was to give the board more speed and power in waves. With a larger board size, 55/45 rails setup, and classic crescent tail, it ensures the board excel in big fast and powerful waves. Built with lightweight EPS core and HDPE bottom combined with fiberglass stinger, this board gives great flex, speed, and power. If you want to blaze a trail on the wave with smooth curves, the CERES is the board for you!

SPECS/

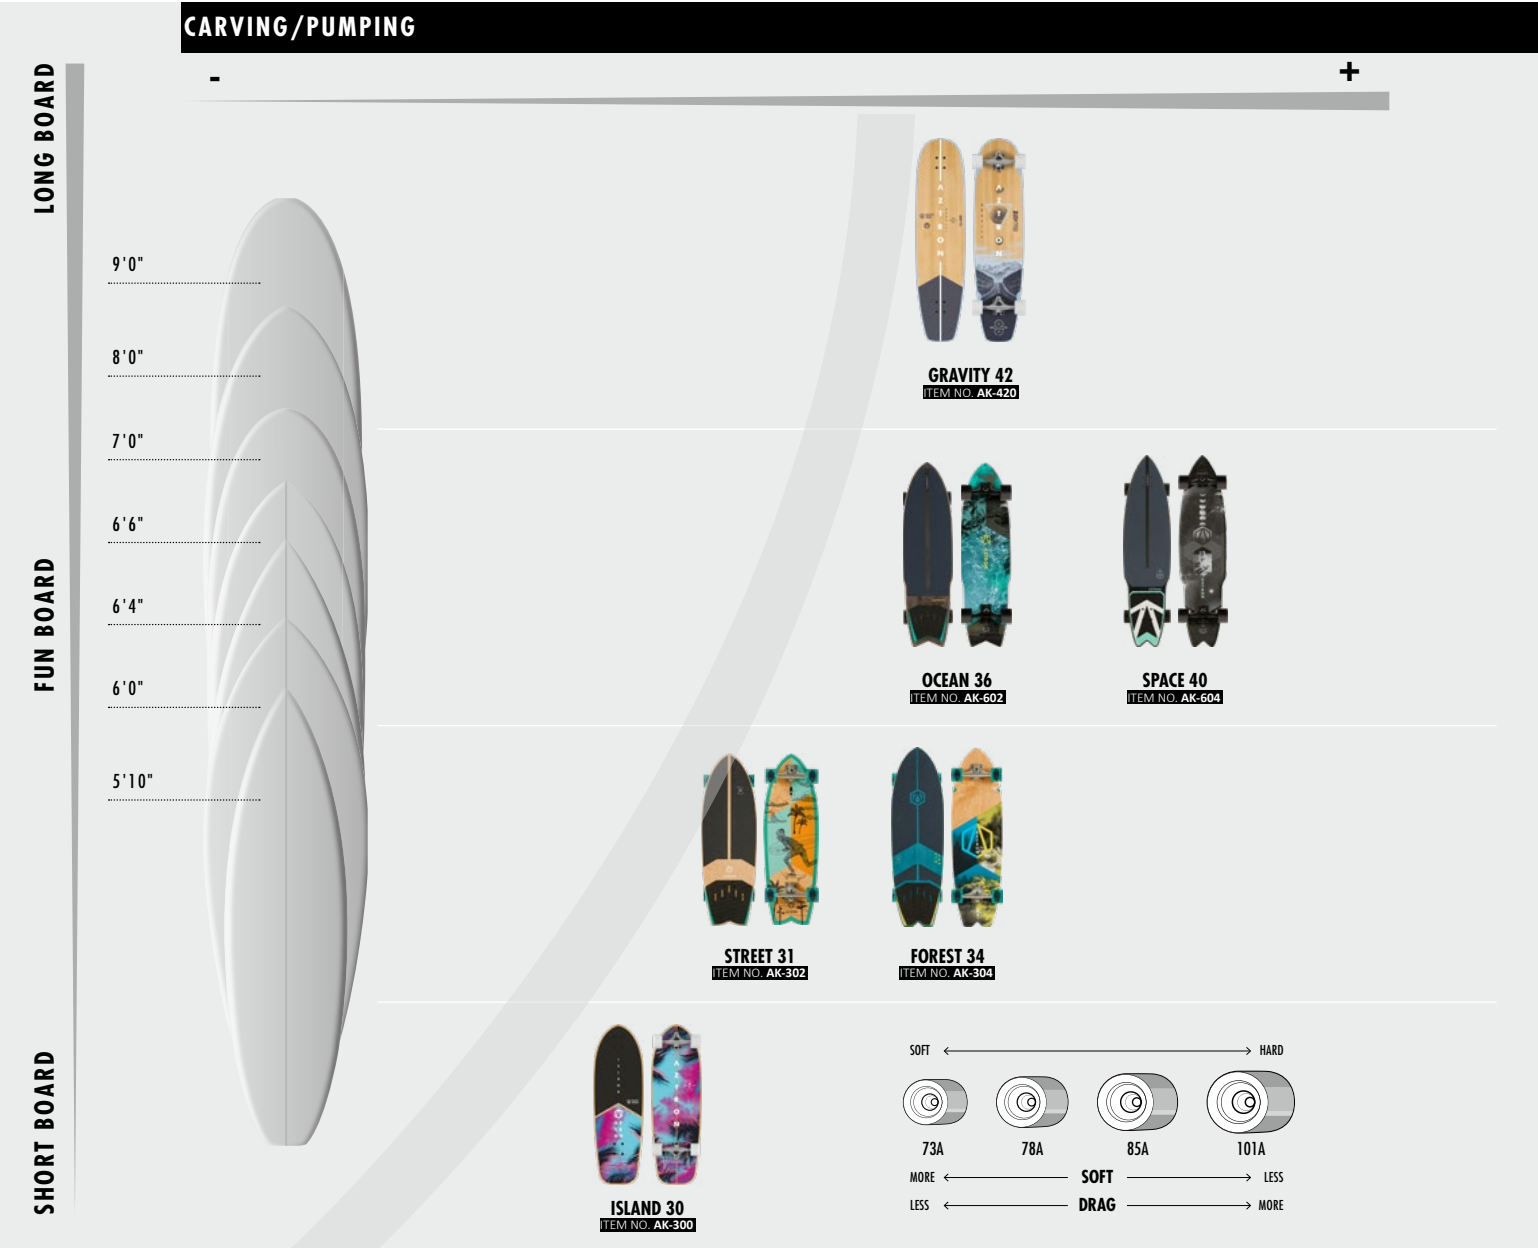

LENGTH: 43" / 109 cm
WIDTH: 22" / 55 cm
THICKNESS: 2.2" / 5.5 cm

SURFSKATE

PERFORMANCE OVERVIEW

GRAVITY 42

The GRAVITY 42 is exactly the perfect mix of surfing and skateboarding that makes the off season training so interesting and uncomplicated. Inspired by the classic longboard from the surfing world, the GRAVITY is great for smooth carving and a little walk up and back. Our signature SX 4.0 surf trucks combined with 75mm 78A wheels makes it an exciting board that allows tight turns and incredible speed. If you re looking for progress the surf game to the next level, then look no further, this is a board that delivers all the playful surfy ride.

WHEELS: 70*51mm

TRUCK SYSTEM

Recreate the feeling of surfing on concrete. The AZTRON surfskate trucks are designed to maximize the flow and lean to create the feeling of an endless waver. With trucks you have a choice between two, SX 4.0 or ATOMIC. The signature SX 4.0 offers a more surfy feel and work better for tight turning. The SX 4.0 has a great rebound and generates fantastic speed and pumping. Designed specifically for surfers in mind, the new ATOMIC truck system is a spring-loaded turning mechanism. You can adjust the sensitivity of the spring to fill your personal preferences. The ATOMIC truck directly fits onto the front trucks and allows the front trucks to turn completely freely and allows more radical maneuvers, just like surfing on the street.

WHEELS

The need for grip has never been more important than in surfskate, where you rely on the traction of the wheels to fully lean into curves and cutbacks. AZTRON surfskate wheels give you extra protection out of your turns so you can complete maneuvers. We offer two sets of wheels. The 65mm small wheels are more agile and work better in the park or transitions in the bowl. The larger 70mm wheels are smoother and work better on the road. These are the grippiest wheels you'll ever ride!

SUP PADDLES

LAND PADDLE & ENTRY LEVEL

Try Land Paddling with AZTRON brand new fiberglass Land Paddle. It is an amazing longboard style paddling that gives you a full-body workout. On the SUP Paddle side, the STYLE aluminum paddle range is developed for entry level riders. Available as standard 3-section or 4-section shaft for Compact SUP line. The blade features slim profile with large tip area and concave on one side which create both stiffness and efficient water flow.

2-SECTION/
POLE: : ABS. Pre-installed. Dia. of 70 mm

YOUTH & ENTRY PERFORMANCE

The NEO Youth Paddle is specifically designed for younger riders who get into early career of stand-up paddling. Built with lightweight yet highly durable fiberglass epoxy and a shorter adjustable shaft that grows with the young riders. The new MACH is an upgraded version we released for the 2022 season. The shaft is full fiberglass with 15% uni-directional carbon which makes the paddle extremely flexible yet gives easy stroke flow. Together with the reinforced nylon blade and an ultra-grip handle, this creates the ideal combination of stiffness and comfort.

3-SECTION/

ADVANCED

The ultra-flexible and durable Freeride and cruising series are the most used paddles among all the riders. The REBEL Glass paddle is the new release to the range. The new blade shape with a rigid spine positioned in the middle is aimed to speed up the water flow during the stroke. The 3-section shaft is built with glass that significantly gives more stiffness and flexibility. The SPEED is upgraded this year with brand new graphics and same high-quality Carbon Hybrid technology. REBEL and SPEED are the paddles for those who want to shape their techniques to the next level.

3-SECTION/
