X
INFINITY

In times of change and challenge,
AZTRON has never stopped striving,
for the best of humans as well as nature.

We believe that nature knows no boundaries,
while humans bear infinite potential.
Only through constant exploration and discovery,
we see, feel, think and move.

In this new season, our adventures continue,
not only in water, but also on land and in the air.

Inspired by the earth we live on,
we unleash the power within,
through unwavering commitment to
innovation and creativity for all.

The unlimited possibilities—AZTRON X Infinity.

WHAT'S

INFLATABLE BOARDS

AZTRON is celebrating the season with brand-new design and revolutionary tech on the most popular All-Round collection. More than that, our best-selling board of all time, NOVA 10'0" Double Chamber compact SUP, is now complemented with a 11'0" full-sized SUPER NOVA and a 9'0" youth-friendly NEO NOVA.

COMPOSITE BOARDS

Good news surf lovers! The 5'8" VOLANS and 6'6" OCTANS surfboards freshly join the composite board line this year to offer players with a great variety of surfboards in sizes and shapes. Our composite all-round Soft Top ECLIPSE board has now extended into a collection with upgraded design and choice of sizes in 10'6" and 11'0".

FOIL COLLECTION

The most exciting newcomers in the AZTRON line this year must be the innovative FALCON foils coming with inflatable Wings and carbon glider plane. The 7'6" inflatable SUP foil is impeccably built with signature Double Chamber; the 6'6" hard foil is a perfect hybrid board for all kinds of foiling activities.

SURF SKATEBOARDS

For the very first time, AZTRON brings the surfing session from sea to land with a unique new line of surf skateboards. STREET 31, FOREST 34, OCEAN 36 and SPACE 40, these four boards are like the waves on land, which perfectly bridges us between water sports and land adventures.

NEW?

BALANCE BOARD

AZTRON not only takes care of riders in high season, we now also keep riders occupied during the off season. The uniquely designed COSMOS balance board is the best training tool for watersport lovers to improve stability, coordination and strength.

ACCESSORIES

Pair new boards with our new paddles! Meet the high-end fiberglass NEO paddle designed especially for youth paddlers and a fresh new model of air SUP standard STYLE aluminum paddle, a guarantee for effortless rides. We also launched a practical dry bag collection to keep your fashion game up a level.

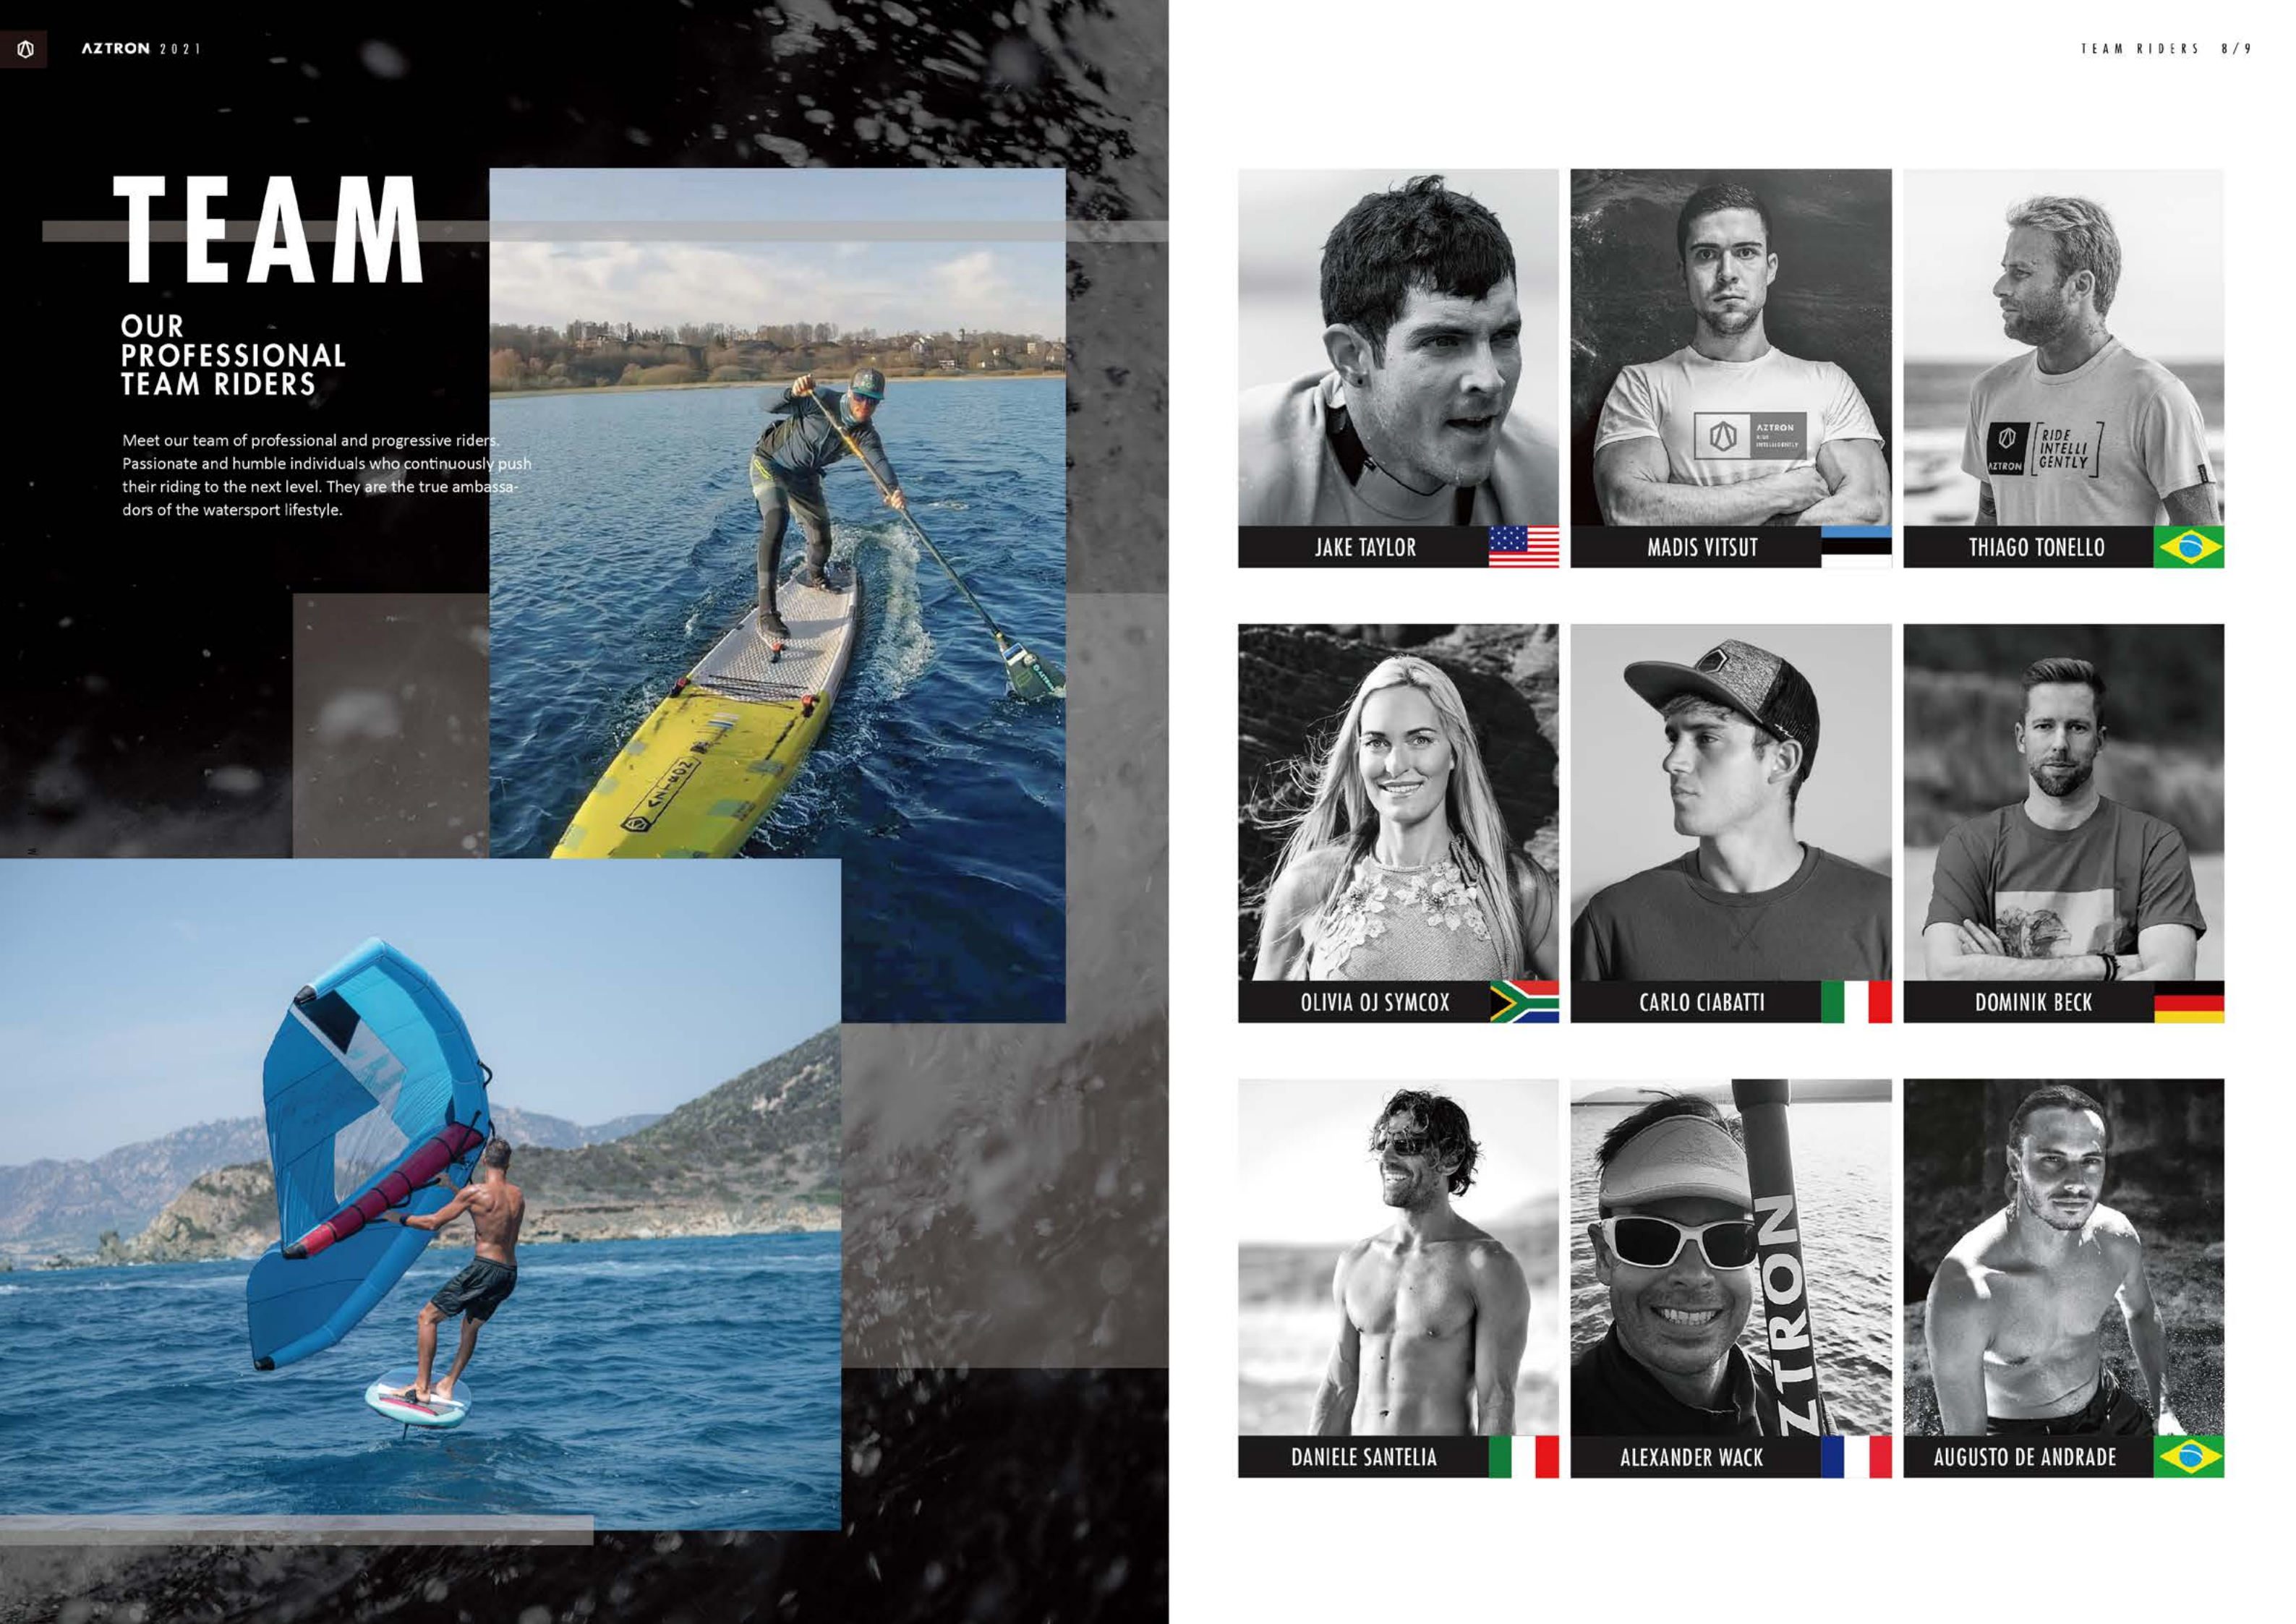

SAFETY EQUIPMENT

More top gears are here to enhance water safety for watersport lovers. Our life vests range this year comes with two new models modernly designed for both male and female riders. What's more, AZTRON has introduced chic and handy inflatable safety belt packs in two colors for riders' extra safety.

APPAREL & FOOTWEAR

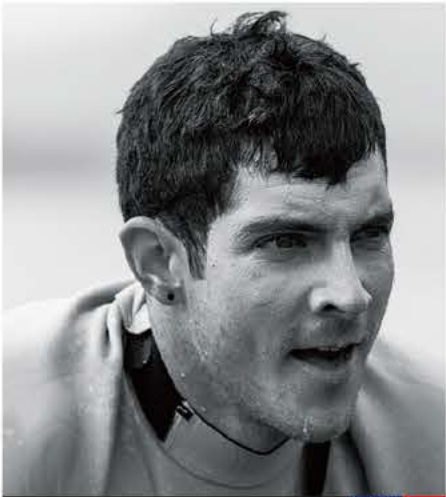

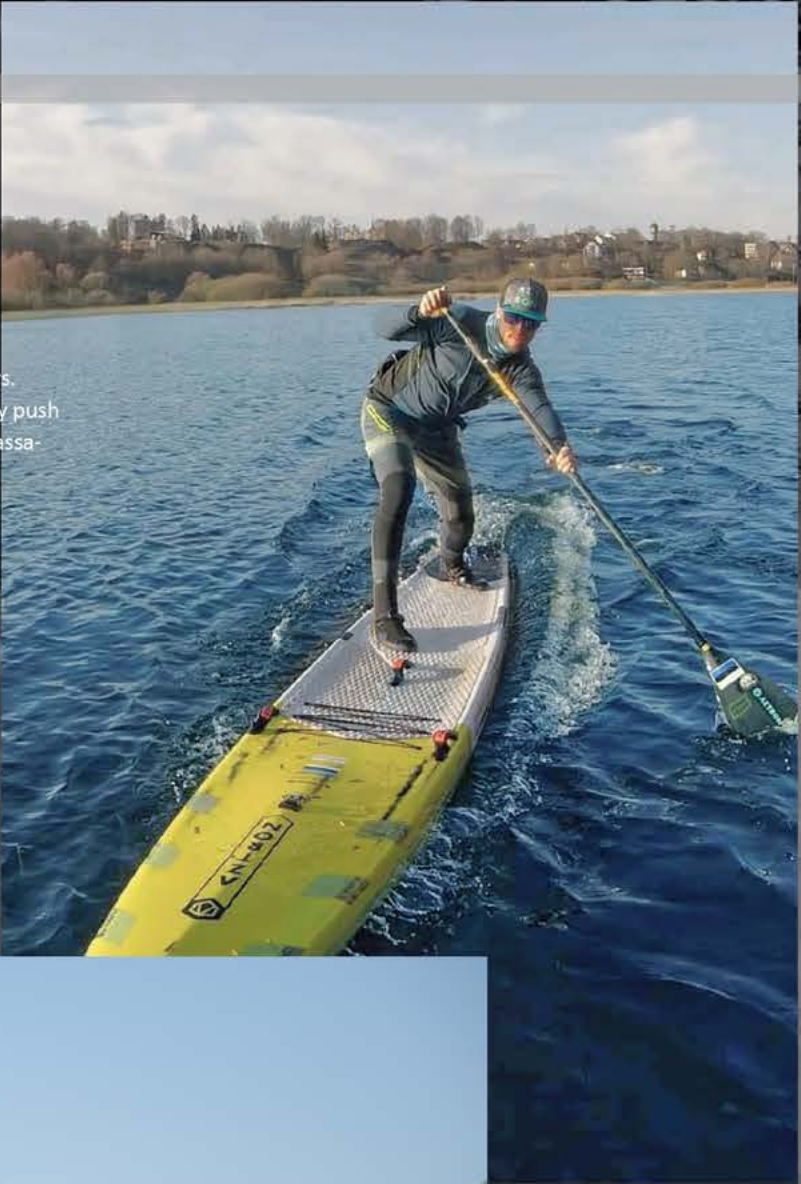

This season, AZTRON is expanding the apparel collection to meet the taste and need of discerning riders. From sweat shirt and hoodie to neoprene jacket and caps, from drysuit and wetsuit to swimwear, your style in water and on land, we've got it all covered. AZTRON also brings the water shoes fashion onto the land with one-of-a-kind slide sandals.

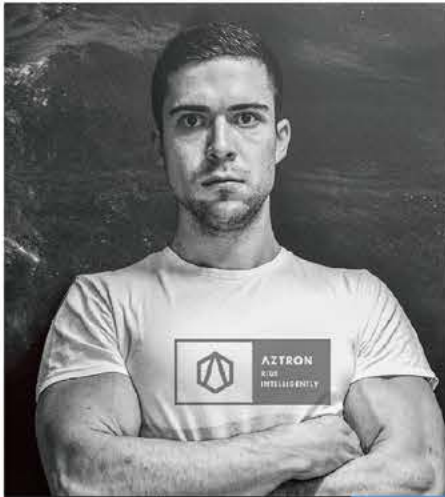

TEAM

OUR PROFESSIONAL TEAM RIDERS

Meet our team of professional and progressive riders. Passionate and humble individuals who continuously push their riding to the next level. They are the true ambassadors of the watersport lifestyle.

EXTRA SAFETY FLOTATION/

AZTRON redefines the safety standard of the inflatable stand-up paddle boards with pioneered Double Chamber Technology. Two key features set our signature Double Chamber SUPs apart from other single chamber counterparts: two separate air chambers ensure a Deluxe 50/50 or Compact 30/70 air distribution, offering up to 30%-50% extra buoyancy of total board flotation for a safer paddling experience than ever before.

EXTRA STIFFNESS/

Two air chambers allow air to split evenly across the board and further reduce air displacement throughout the board, which make the construction up to 30% stiffer than single-chamber SUP. The revolutionary inner chamber doubles the sidewalls and acts like I-Beams structure, which makes the paddleboards incredibly durable and rigid, very close to a hard-board feel. Covering nearly 2/3 of the board, the inner chamber is strategically placed in the most critical standing area to overcome the "soft" and "bouncy" disadvantages of most of the boards on the market. The Double Chamber Technology provides an ultimate stable ride even in choppy open water.

SAFER THAN EVER

AZTRON SIGNATURE DOUBLE CHAMBER TECHNOLOGY

AZTRON Double Chamber inflatable stand-up paddleboards are the only inflatable SUPs that can be used outside of 300 meters shore zone. The added inner chamber construction offers absolute stiffness and total safety when paddling in the open water.

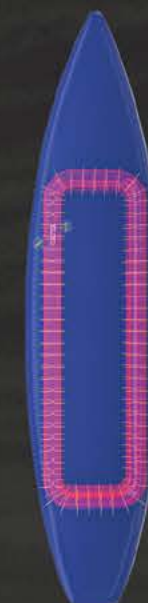

LITE DOUBLE CHAMBER

- Applicable to the entry-level NOVA compact SUP collection
- Inner Chamber is placed at the critical standing area
- Guaranteeing 60 liters of safety flotation
- Increasing overall board stiffness by 15% to 20%

SIGNATURE DOUBLE CHAMBER

- Two air chambers ensuring a luxurious 50:50 air distribution
- Guaranteeing up to 150 liters of safety flotation for any emergencies
- Increasing the overall board stiffness by at least 30%
- The connection points of the two chambers give extra loading capacity and minimize the disadvantages of iSUP being too soft deck. Increases the overall stiffness by 15- to 20%

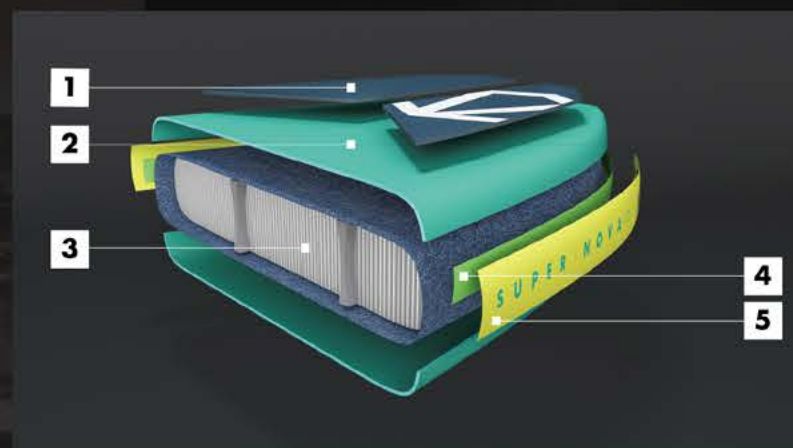

REVOLUTIONARY INFLATABLE BOARDS

CONSTRUCTION & MATERIALS

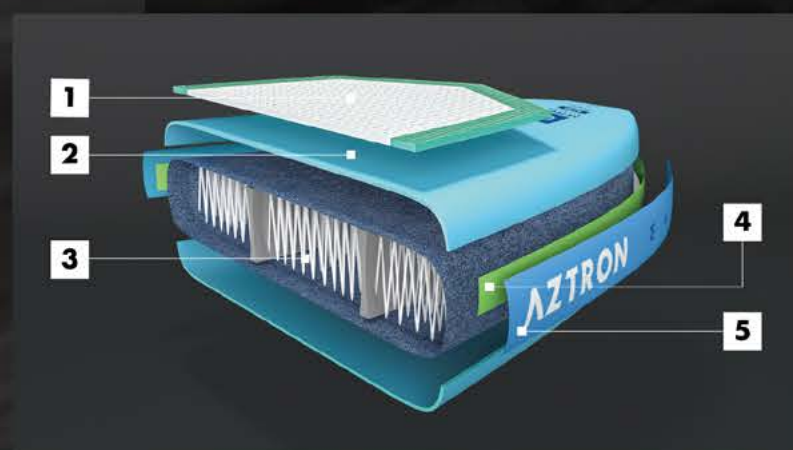

COMPACT DOUBLE CHAMBER LITE

- EVA FOOT DECK**
4mm thick diamond grooved soft EVA footpad for solid grip
- REINFORCED PVC LAYER**
The 1000D fabric in combination with the base cloth of the drop-stitch locks the fabric for ultimate in durability and stiffness
- DROP-STITCH CORE**
Hi-Density dropstitch filaments with vertical yarn gives high tensile rigid core
- INNER RAIL BAND**
The inner polyester rail layer connects top and bottom double layer composite
- SECOND PVC RAIL BAND**
Creates final seal and gives extra compression and additional stiffness

ULTRA-LIGHT DOUBLE CHAMER

- EVA FOOT DECK**
4mm thick diamond grooved soft EVA footpad for solid grip
- REINFORCED PVC LAYER**
The 1000D fabric in combination with the base cloth of the drop-stitch locks the fabric for ultimate in durability and stiffness
- X-STITCHING DROP-STITCH CORE**
Advanced X-Stitching woven nylon treads makes the board 20% lighter than traditional I-Stitching
- INNER RAIL BAND**
The inner polyester rail layer connects top and bottom double layer composite
- SECOND PVC RAIL BAND**
Creates final seal and gives extra compression and additional stiffness

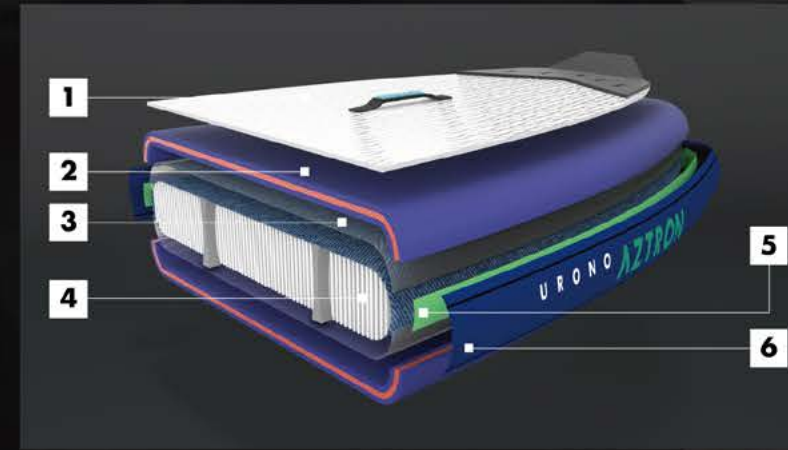

ULTRA-LIGHT DOUBLE DOUBLE

- EVA FOOT DECK**
4mm thick diamond grooved soft EVA footpad for solid grip
- ULTRA-LIGHT X-STITCHING DROPSTITCH CORE**
Advanced X-Stitching woven nylon treads makes the board 20% lighter than traditional I-Stitching
- AIR-TIGHT COATING**
The coating layer connects the Double Fusion composite and base cloth, ensures the fabric is 100% sealed
- DOUBLE FUSION LAYER**
The top double fusion layer connects top and bottom pre-laminated woven cloths that gives ultimate durability and stiffness
- INNER RAIL BAND**
Air-tight inner PVC rail band is heat pressed and high pressure laminated, which ensures waterproof seal
- SECOND PVC RAIL BAND**
Creates final seal and gives extra compression and additional stiffness

DOUBLE DOUBLE

- SOFT EVA FOOT DECK**
5mm thick diamond grooved soft EVA footpad offers traction and comfortable ride
- DOUBLE FUSION LAYER**
The top double fusion layer connects top and bottom pre-laminated woven cloths that gives ultimate durability and stiffness
- AIR-TIGHT COATING**
The coating layer connects the Double Fusion composite and base cloth, ensures the fabric is 100% sealed
- DROP-STITCH CORE**
Hi-Density dropstitch filaments with vertical yarn gives high tensile rigid core
- INNER RAIL BAND**
Air-tight inner PVC rail band is heat pressed and high pressure laminated, which ensures waterproof seal
- SECOND PVC RAIL BAND**
Creates final seal and gives extra compression and additional stiffness

COMPACT SUP

NEO NOVA / NOVA / SUPER NOVA

2021 NEW

Nothing says the paddle season is here like a fresh set of AZTRON all-round Double Chamber inflatable SUPs. In this new season, we are introducing a brand-new series of our most-loved compact SUP coming in sizes and colors.

DOUBLE DOUBLE TECH DOUBLE CHAMBER PLUS DOUBLE LAYER FUSION FABRIC FOR BEST PADDLING PERFORMANCE
MULTI-PERSON SIZE CARRYING UP TO 3 PERSONS, PERFECT FOR FRIENDS OR FAMILY GATHERING. DOULBE THE FUN!
GROUP ACCESSORIES PACK PACKAGE INCLUDING ALL THE ESSENTIAL ACCESSORIES YOU NEED FOR ALL RIDERS

LINE CONCEPT /

Seeking to spread the fun to more people? NEBULA 12'10" and GALAXIE 16'0" are what you should be looking at. Specially designed with two-panel deep grooved foot pad all the way from the storage area to the tail, both boards provide incredible traction and stability. AZTRON's unique Double Chamber and Double Layer Fusion further increase the durability of the boards. NEBULA is built for two paddlers while GALAXIE can carry up to three persons.

HARD FACTS /

- Double Chamber offers extra floatation safety and more stiffness
- Double Layer Fusion fabric applies for ultra light weight and durability
- "Transform + wave" graphic for optimum visual impact
- 5mm diamond grooving footpad for ultimate grip and extra comfort
- 4+1 D-rings for front bungee system and safety leash attachment
- Multiple handles for performance need
- Ready-to-Go Accessory Pack

FOIL COLLECTION

FALCON & ACCESSORIES

2021 NEW

This year, AZTRON proudly introduces our exciting new foil collection! Designed for maximum fun, safety, and durability, our foil boards will make you experience the sensation of flying over water. The 7'6" air SUP foil and the 6'6" composite SUP foil both can be upgraded with inflatable wings and carbon glider plane for an ultimate foiling experience.

FALCON 7'6"

SUP / WING

ITEM NO. AS-205F

SPECS/

PRODUCT	LENGTH	WIDTH	THICKNESS	MAX. RIDER	WEIGHT	VOLUME	REC. PAYLOAD
FALCON 7'6"	7'6" / 228 cm	31" / 79 cm	4.75" / 12 cm	1	8.8 kg / 19.4 lbs	175 L	< 80 kg / < 176 lbs

LINE CONCEPT/

The FALCON 7'6" air foil board is a great starter for your early SUP foil career. Built with our signature Double Chamber technology and air foil technology, this board is lightweight yet offers an easy take-off and a very stable flying experience. The 7'6" size offers a great flying potential, but also can be paddle without a foil.

HARD FACTS/

- Double Chamber construction with Double Layer fusion dropstitch tech offers light weight and ultra stiffness
- Compact air foil shape gives excellent foiling performance for SUP and wing-surfing
- Wide outline with generous volume allows for easy take off
- Diamond grooved EVA foam pad
- Center carry handle
- Twin US tracks plus Tuttle system
- Tri-fin set up. Premium PVC fins
- Easy to transport and store

TWIN US TRACKS & TUTTLE BASE WITH PVC TRI-FINS

PRODUCT	LENGTH	WIDTH	THICKNESS	MAX. RIDER	WEIGHT	VOLUME	REC. PAYLOAD
FALCON 6'6"	6'6" / 198 cm	25.5" / 65 cm	4.75" / 12 cm	1	7.5 kg / 16.5 lbs	115 L	< 75 kg / 165 lbs

LINE CONCEPT/

FALCON 6'6" composite foil board is a hybrid concept of 2021. With an epoxy sandwich construction with carbon inlay insert, this is a Swiss knife board for all sorts of fun- SUP, Wing or Surf foil. The perfect size and outline gives a great balance for foiling performance and stability.

HARD FACTS/

- Wood and epoxy sandwich construction
- Carbon Inlay insert on the top deck to optimize stiffness and performance
- Compact board shape offers stability and efficiency
- Bevelled rail to get into wave or wind easily without losing the volume
- Full deck of grippy EVA diamond grooved foam deck pad
- Kick pad design for efficient pump onto foil
- Double angle inserts for footstraps
- Twin US tracks makes for easy adjustment and fine turning
- Center 8" nylon fin with US fin box for SUP paddling

FOIL TECH

ROCKET 1450

CARBON / ALUMINUM

The newest 1450 Foil stands for efficiency, glide and speed. The ROCKET Foil is designed to be easy to roll and turn which makes them can perform in all conditions. The compact shape and size offers high end maneuverability and easy to turn on the waves. Developed specifically with Wing Foiling in mind, this new foil will tkae your foiling experience to the next level.

SPECS/

ITEM NO. AF-010

- COMBO: ROCKET 1450
- FRONT WING SIZE: 1450 cm² / 225 sq.in.
- BACK WING SIZE: 390 cm² / 60 sq.in.
- MAST LENGTH: ALU 60 (combo) / 70 / 80 / 90 cm
- FUSELAGE: Aluminum 72 cm
- WEIGHT: 1.56 kg / 3.44 lbs (wings only)

The AZTRON Aluminum Mast can be used on every foil and it is very easy to jump from one length to another. The mast range is suitable for all displaces, SUP, surf, wing foil or windsurf.

ADVANCED CARBON FIBER WINGS

Built with pre-preg carbon material, the front and rear wings are absolutely strong and light. This set-up provides the overall foil with better stiffness throughout the different parts for the maximum control. The 1450 wings take advantage of its compact shape to give a smooth lift, easy maneuverability and seamless turn on the waves.

HIGH PERFORMANCE COMPOSITE BOARDS

CONSTRUCTION & MATERIALS

CARBON SANDWICH TECH

- 1 EVA FOOT DECK**
5mm thick diamond grooved EVA footpad for solid grip
- 2 TOP SHEET LAYER**
Quality top graphic inlay and clear coating finish
- 3 FULL GLASS MATRIX**
2 oz. multiple layers of fiberglass composite for outstanding lightweight to weight ratio
- 4 REINFORCED LAYER**
4 oz. extra layers of carbon and fiberglass reinforcement
- 5 3K CARBON**
Highest grade 3K carbon fiber body for ultimate lightweight and best stiffness
- 6 MOLDED EPS FOAM CORE**
High density CNC cut EPS foam core at 20 kg / m³. Lightweight and durable

EPOXY TECH

- 1 EVA FOOT DECK**
5mm thick diamond grooved EVA footpad for solid grip
- 2 TOP SHEET LAYER**
Quality top graphic inlay and clear coating finish
- 3 GLASS MATRIX DECK/BOTTOM**
6 oz. multiple layers Hexel fiberglass sheets for best strength
- 4 EPOXY RESIN**
Waterproof epoxy clear coating lamination
- 5 MOLDED EPS FOAM CORE**
High density CNC cut EPS foam core at 20 kg/m³. Lightweight and durable

BAMBOO TECH

- 1 BAMBOO SHEET**
1mm thick bamboo veneer offers light weight and stiffness
- 2 EVA FOOT DECK**
5mm thick diamond pattern EVA footpad
- 3 FIBERGLASS MATRIX**
6 oz. of multiple layers of fiberglass for extra reinforcement
- 4 WOOD/GLASS MATRIX INSERT**
Additional wood and glass insert for extra strength
- 5 WOODEN STRINGER**
5mm plywood stringer to add rigidity and strength to the board
- 6 SUPERLIGHT EPS FOAM CORE**
The CNC cut superlight EPS foam core gives an ultra-light yet durable construction

SOFT-TOP TECH

- 1 SOFT EVA FOOT DECK**
5mm thick diamond pattern soft EVA footpad wrap from top to tail
- 2 FIBERGLASS MULTI-LAYERS**
Built with multiple-layers of 4 to 6 oz. fiberglass sheets for reinforcement
- 3 DOUBLE WOOD STRINGERS**
Two 4 mm plywood stringers in the middle to add overall rigidity and strength to the board
- 4 EPS FOAM CORE**
Lightweight EPS foam core (15 kg/m³) wrapped in a monocoque fiberglass layup to minimize weight
- 5 HDPE SLICK BOTTOM**
Slick and durable HDPE (High Density Polyethylene) bottom surface for better tracking

RACE & TOURING SUP

LIGHTSPEED / MARTIAN / APOLLO

AZTRON composite board collection is a fast and explosive competition level race SUP available in 14'0" and 12'6" length options. Innovatively designed to perform in all conditions, this collection sits at the top of the podium.

CARBON SANDWICH TECH

SUPER LIGHTWEIGHT 3K CARBON LAMINATED OVER THE ENTIRE HULL

FOILED NOSE PROFILE

FOILED NOSE CREATES A DYNAMIC LIFT WHEN NOSE IS SUBMERGENT ON A WAVE

LINE CONCEPT/

Spice up the competitions with some of the lightest and fastest composite race boards.

The LIGHTSPEED 14'0" carbon SUP is constructed with advanced CNC shaped EPS foam core and full carbon laminated layers, which made it an ultimate choice for riders to win. For 2021 season, the flat-water version is also available. When it comes to all-round SUP racing, the MARTIAN 12'6" is sure to amaze you with its carbon matrix construction and water-shedding front deck design. While racing spirit perfectly blends in the touring SUP APOLLO 12'6" for long distance paddling as well as race training.

HARD FACTS/

- CNC shaped EPS foam core
- Full carbon structure makes the board extremely lightweight
- Thick and rounded nose cuts through water efficiently and effortlessly
- Raised rail profile designed for more pop in flat water and more control in chop
- Square slopped tail design prevents deck from flooding and creates full acceleration
- Monoconcave hull for great tracking and fast speed
- Multiple neoprene handles gives perfect and comfortable grip for carrying on the beach
- Equipped with Astronaut 8.3" fiberglass Race Fin and 10' safety leash

SOFT-TOP SURFBOARD LIGHTWEIGHT SOFT TOP FOAM DECK WITH WODDEN STRINGERS FOR BEST PERFORMANCE
HDPE SLICK PLASTIC BOTTOM FOR ULTIMATE TRACKING AND DURABILITY
LIGHT WEIGHT & DURABLE BUILT WITH DUAL STRINGER EPS FOAM CORE & HIGH DENSITY IXPE FOAM SOFT SKIN TOP

LINE CONCEPT/

Built with polyethylene foam component and soft-top deck, the CYGNUS 9'0" longboard offers extra buoyancy for novice surfers. This season, AZTRON has newly developed surfboards for intermediate and advanced surfers. The OCTANS 6'6" is a wide and round funboard, combining the fast and easy paddling of a longboard and better maneuverability of a shortboard. The VOLANS 5'8" is designed with big, wide nose and its fish tail helps generate extra speed in the water, which is ideal for small to medium surf.

HARD FACTS/

- Composite soft-top surfboard technology: foam deck with EPS core and wood stringer system
- Ideal for beginner to intermediate surfer
- HDPE high density slick bottom for fast glide
- Full rail design makes the board soft and forgiving
- Fish tail design of Volans frees up the board allowing for effortless turns.
- Tail safety leash attachment
- Grab handle for CYGNUS 9'0" & VOLANS 5'8"

EPS FOAM CORE PROVIDING ULTRA LIGHTWEIGHT AND INCREASING MANEUVERABILITY
COMPRESSION MOLDED EPOXY EXTRA DURABILITY WITH HIGH PERFORMANCE CAPABILITY
TWIN FIN / THRUSTER SETUP A PERFECT COMBINATION OF SPEED AND STABILITY WHEN SWINGING

LINE CONCEPT/

The COMET collection is the ultimate vehicle for any wake! A compression molded construction and vacuum-forming outer shell made the boards not only light but extremely durable. With a soft foam core and an EVA deck, this collection gives a quick response and is easy to ride in waves and light winds.

HARD FACTS/

- Compression molded epoxy construction
- CNC EPS foam core
- Lightweight wakesurf board construction
- Customized graphic design for best visual impact
- Machined EVA top deck with kick tail
- Wakesurf to skim style
- Fish tail / diamond tail
- 1.7" shallow twin or tri-fin setup
- Beginner and intermediate board

LINE CONCEPT/

The AZTRON Bodyboard line is a pro starter level body board that comes in 39" and 43". Designed with a streamlined and parallel template, the collection boasts a strong and 100% waterproof composite EPS core that is durable and lightweight offering great flex, speed and flotation. The crescent tail increases the bodyboard's fluidity and mobility. With a super maneuverable yet easy to control shape, your flame will be ignited when you ride one of these.

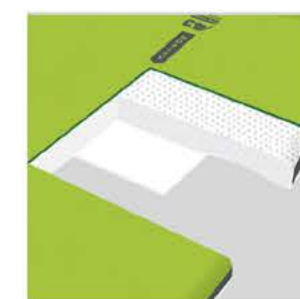

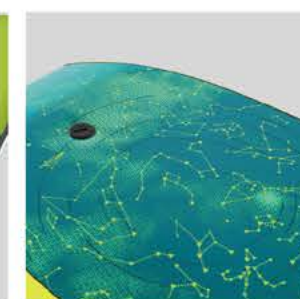

HARD FACTS/

- Sleek design for all level riders
- Durable, lightweight and water-resistant EPS (Expanded Polystyrene) core
- Soft XPE deck for a comfortable ride
- HDPE (High density polyethylene) slick bottom for ultimate glide and speed
- One fiberglass stringer construction for extra stiffness and durability
- Crescent tail helps grip waves and creates pivot points for turning
- Customized graphic for optimal visual impact
- Features channel bottoms for increased water flow and speed
- Includes AZTRON 4.0 Pro wrist leash

FINS

New fins arrived! Fins dedicated to SUP foil are now available in premium materials. For paddlers and surfers, a wide selection of fins for SUP boards, surfboards and wakesurf boards are also available in different sizes for all kinds of water conditions. Designed with professional materials and built with a stiffer layup than regular fins, these fins deliver great amount of drive through a solid base design and construction. Choose the right fin for a powerful ride with plenty of speed.

- Mix Nylon 600D
- 3D Mesh
- H2O Bag: TPU

THERMO COOLER BACKPACK

ITEM NO. AC-BC201

SIZE: 46 x 34 x 24 cm

WEIGHT: 1.1 kg / 2.4 lbs

VOLUME: 105 L

FEATURES

- Closed-foam insulation holds cool for up to 8 hrs
- Leak resistant construction
- Backpack straps/shoulder strap switch design
- Can hold 20 cans with ice
- TPU shell of approved food grade material
- Bottle opener included on the strap

MATERIALS

- Reinforced and waterproof PVC
- Shell: TPU
- Backpad: Breathable foam pad

GLOW NEO TOTE

ITEM NO. AC-BC202

SIZE: 40 x 38 x 14 cm

WEIGHT: 384 g / 0.8 lbs

MATERIALS

- FLEX 1.0 Neoprene
- Nylon straps

FEATURES

- Beach tote
- Front zipper pocket
- AZTRON 2021 seasonal print

DRY TOTE 12L

ITEM NO. AC-BD050

SIZE: 45 x 33 x 16 cm

WEIGHT: 410 g / 0.9 lbs

VOLUME: 12 L

MATERIALS

- Waterproof Tarpaulin

FEATURES

- Tarpaulin waterproof fabric
- One main compartment
- Inside stash pocket
- AZTRON 2021 seasonal print
- Front printed logo
- Webbing carry handle
- Ideal for beach and city use

DRY BAG 5L

ITEM NO. AC-BD005

SIZE: 20 x 39 x 13 cm

WEIGHT: 260 g / 0.6 lbs

VOLUME: 5 L

MATERIALS

- Waterproof Tarpaulin

FEATURES

- Tarpaulin waterproof fabric
- Roll up closure system
- Adjustable clip-on shoulder strap
- Welded seams
- Front nylon strap with loop for hanging elements

DRY BAG 15L

ITEM NO. AC-BD015

SIZE: 30 x 57 x 15 cm

WEIGHT: 450 g / 1.0 lbs

VOLUME: 15 L

MATERIALS

- Waterproof Tarpaulin

FEATURES

- Tarpaulin waterproof fabric
- Roll up closure system
- Adjustable clip-on shoulder strap
- Welded seams
- Front double nylon straps with loop for hanging elements

BACKPACK DRY BAG 22L

ITEM NO. AC-BD022

SIZE: 40 x 60 x 15 cm

WEIGHT: 841 g / 1.8 lbs

VOLUME: 22 L

MATERIALS

- Waterproof Tarpaulin

FEATURES

- Tarpaulin waterproof fabric
- Roll up closure system
- Padded back panel with lumbar support
- Front water resistant zip pocket
- Padded air-mesh shoulder strap
- Chest strap and waist strap

BOARD BAG 14'0"

ITEM NO. AC-B901

SIZE

ITEM NO. AC-L004

SIZE: 4' / 121 cm coil
WEIGHT: 103 g / 0.2 lbs

FEATURES

- 5.5mm urethane coil cord
- Double swivels
- Fixed leash plug loop

MATERIALS

- TPU
- Stainless steel
- Nylon

E-PUMP

ITEM NO. AC-PU201

SIZE: 21.6 x 10 x 14 cm / 8'5" x 4" x 5.5"
WEIGHT: 1.3 kg / 2.9 lbs

FEATURES

- Inflate 33% faster than regular hand pump
- 12V. Cigarette light socket
- Car battery 15A
- Auto Stop
- 1.34 inflation tube
- 1-16 PSI
- 75l/min air flow, 50l/min at high pressure

DOUBLE ACTION PUMP

ITEM NO. AC-PU101/AC-PU103

SIZE: 63 x 22 x 8 cm / 24.8" x 8.7" x 3.1"
WEIGHT: 1.25 kg / 2.7 lbs

FEATURES

- Single/Double switch
- Removable handle
- Built-in gauge
- 2200 cm3
- Air hose 1.25m/4.5ft

MATERIALS

- Nylon
- Aluminum shaft

GIANT DOUBLE² PUMP

ITEM NO. AC-PU301

SIZE: 64 x 27 x 15 cm / 25" x 11" x 5.9"
WEIGHT: 2 kg / 4.4 lbs

FEATURES

- 3 Mode Inflation
- Air Max + Double Mode: 6530 cm3
- Air Max + Single Mode: 4280 cm3
- Pressure Booster: 1700 cm3

MATERIALS

- Nylon
- Aluminum/nylon shaft

Y-SHAPE VALVE ADAPTER

ITEM NO. AC-V300

Y-ADAPTER SIZE: 8.8 x 10 cm
HOSE LENGTH: 24.5 cm / 9.6"
WEIGHT: 128 g / 0.3 lbs(with hoses)

FEATURES

- Customized double chamber inflation hose adapter to pump the inner & outer chamber at the same time

MATERIALS

- ABS/Nylon
- PVC hose

VALVE ADAPTER

ITEM NO. AC-V100

SIZE: 3.4 x 7.1 cm / 1.3" x 2.8"
WEIGHT: 80 g / 0.55 lbs

FEATURES

- Easily attach compressor or tire pump to inflate the SUP

MATERIALS

- ABS/Nylon
- Copper nozzle

KAYAK SEAT

ITEM NO. AC-S100

SIZE: 31 x 38 cm / 12'2" x 15"
WEIGHT: 250 g / 0.55 lbs

FEATURES

- Light weight design
- 4 adjustable webbing straps
- 2 straps in front & 2 in rear
- Non-slip padded seat

MATERIALS

- Neoprene
- 600D Polyester
- Marine grade brass connecting snaps

SURFSKATE

SPACE / OCEAN / FOREST / STREET

2021 NEW

For the very first time, AZTRON brings the surfing session from sea to land with a unique new line of surf skateboards. These four maple-wood skateboards are designed after inspiration from human and nature. Get a surf skateboard & ride the street like a wave!

PREMIUM DECK TECHNOLOGY

THE MOST POPULAR
DECK SIZE &
CONSTRUCTION

The 31 & 34 range offers a short and wide deck that is specifically designed for smaller to medium size riders. Built with 5+2 (Rock Maple with Canadian Maple) plies, these boards are extremely durable yet budget friendly. The compact deck size and medium concave also makes the range easy to ride and control.

TRUCK SYSTEM

ABEC 7 SURFSKATE
TRUCK SYSTEM

The wider AZTRON Surfskate truck gives the shorter range of boards the tightest turning radius of the lineup. Completely free motion of the front truck system mimic the movment of surfing.

WHEELS

65mm/78A
SURFSKATE WHEELS

The 65*51 mm mid-sized diameter wheels aims to give an effortless smooth cruising and surfing carving but easier slides than the 70mm wheels. This wheel setup is perfect for those who are in the early days of their skating career.

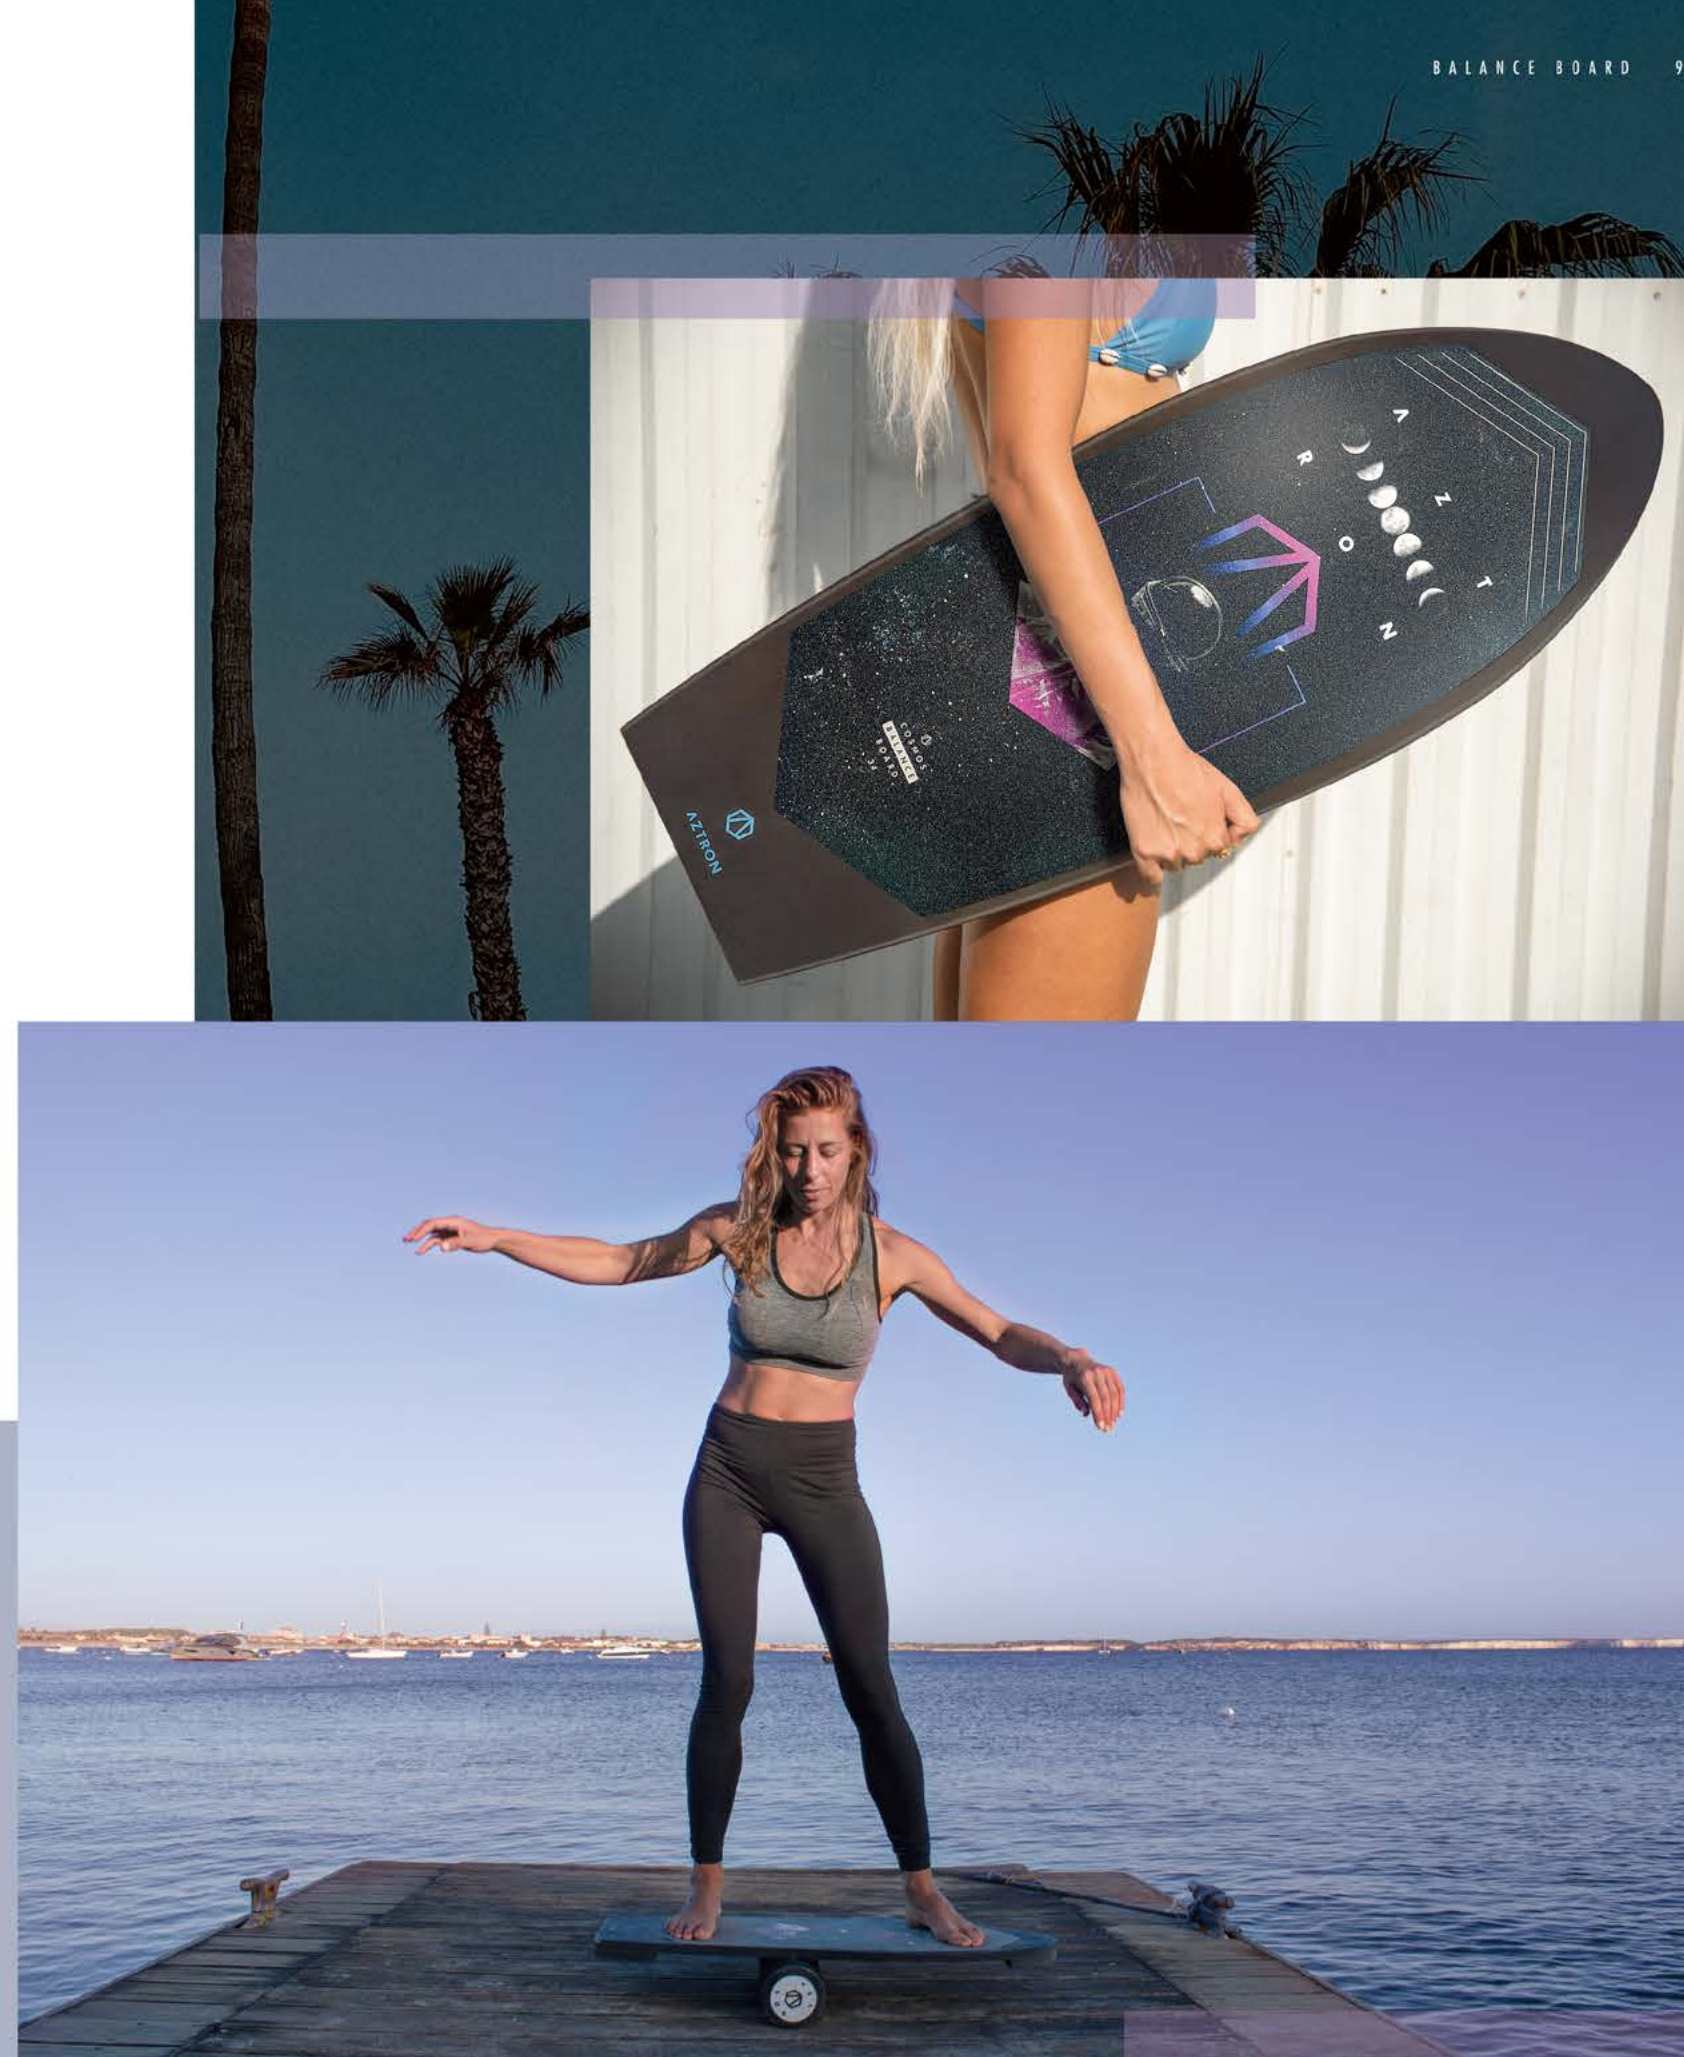

BALANCE BOARD

COSMOS

2021 NEW

Get prepared for the coming sessions even when you are out of water.
The AZTRON COSMOS balance board will help you improve core strength, stability, coordination, and reaction time. It's perfect for personal fitness training as well as for having fun with family and friends.

COSMOS 34

SURFBOARD INSPIRED ROLLER BOARD ENSURES STABILITY AND HELP RIDER TO IMPROVE BALANCE
ASTRONAUT PRINT DECK WITH CUSTOMIZED PRINT SANDPAPER FOR MAXIMUM GRIP
UNIQUE DOUBLE MODE RIDE FRONT TO BACK OR SIDE TO SIDE JUST LIKE A SURFBOARD

LINE CONCEPT/

Train your balance and surfing skills wherever your want. COSMOS 34 is a roller board only tilts front to back or side to side depending on your stance. What's unique is its changing point of balance, which makes more challenging than other boards and particularly useful for anyone who does board sports such as surfing, skateboarding, or standup paddleboarding.

HARD FACTS/

- Deck of 12-ply premium quality of resistant wood plies
- Surfboard inspired board shape with a pointy nose
- 120mm plastic molded roller included
- Safety stops with adjustable training levels for balance board
- Astronaut print sandpaper covered deck offers a strong grip
- 2 rolling modes: Balance and Surfing

The Aztron four-way stretch fabric boardshorts present all the premium elements of high-end boardshorts. Flexible in all directions for maximum freedom of movement and ultra light weight for comfortable wearing.

LIGHTWEIGHT. BREATHABLE. FLEXIBLE.

WATER SHOES

The AZTRON water shoes are designed to offer the desirable barefoot sensation. The thin sole is anti-slippery and flexible in critical areas of the feet. The round toe and ultra-thin rubber layup are incorporated into the unparalleled design for excellent protection and quick drying.

LINE CONCEPT

AZTRON understands that there is nothing better than riding barefoot so our aim is to preserve that feeling even when wearing shoes. For the 2021 season, our intention is to give you an extensive and encompassing choices of water walkers to enhance your ride for all water conditions.

ULTRA-THIN OUTSOLE

The GEMINI collection is built with the Ultra-Thin outsole construction for better on-board feeling. This outsole structure is super lightweight, yet offers great grip and stretch in all the right places.

LIBRA BAREFOOT OUTSOLE

The new and cleverly designed LIBRA Barefoot outsole gives an extra protection on the toes area. The ventilation system with ion mesh at the bottom acting as a filter to prevent sand or pebbles to get in.

RADIUM OUTSOLE

Designed for both on-the-road and on-the-water, the new outsole for Radium model provides exceptional traction in wet for all road conditions. Features the ventilation drainage holes on the side.

ULTIMATE LIGHTWEIGHT AND STRETCHY

AZTRON water shoes can be stretched into 360 degree, perfect for outdoor activity. It is designed for multi-purposes, in land or in water. Weight only 350g.

QUICK DRY & AQUA GRIP TECH

Comfortable and quick-dry neoprene fabric gives a wearable and soft feeling like skin. The unique fabric offers a cooler and drier fit.

UNIQUE SIDE DRAINAGE HOLE DESIGN

The RADIUM sole features the drainable holes on the side that ensures proper water flow and provides superior breathability and quick drying.

ADJUSTABLE ANKLE LACE

Adjustable ankle lace for tight wearing. Easy slip on and off design.
